MFC will pay interest on the 2026 notes at the rate of 4.150% per year and on the 2046 notes at the rate of 5.375% per year. Interest on the notes will be payable semi-annually in arrears on March 4 and September 4 of each year, beginning September 4, 2016. The 2026 notes will mature on March 4, 2026 and the 2046 notes will mature on March 4, 2046.

MFC may redeem some or all of the notes, at any time, at a redemption price equal to the greater of 100% of the principal amount to be redeemed plus accrued and unpaid interest to but excluding the date of redemption and the “Make-Whole Redemption Amount” calculated as described in this prospectus supplement. MFC may also redeem all (but not less than all) of each of the 2026 notes and the 2046 notes if certain changes affecting Canadian withholding taxes occur. The notes do not have the benefit of any sinking fund.

The 2026 notes and the 2046 notes will each constitute a separate series of senior Debt Securities as described in the accompanying prospectus.

Investing in the notes involves risks that are described in the “Caution Regarding Forward-Looking Statements” section and the “[Risk Factors](#)” section beginning on pages S-iii and S-8, respectively, of this prospectus supplement and the “[Risk Factors](#)” section beginning on page 22 of the accompanying prospectus.

MFC is permitted to prepare this prospectus supplement and the accompanying prospectus in accordance with Canadian disclosure requirements, which are different from those of the United States. MFC prepares its financial statements in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (“IFRS”) and is subject to Canadian auditing and auditor independence standards. MFC’s financial statements may not be comparable to financial statements of U.S. companies.

Owning the notes may subject you to tax consequences both in the United States and Canada. This prospectus supplement and the accompanying prospectus may not describe these tax consequences fully. You should read the tax discussion in this prospectus supplement and consult with your own tax advisor with respect to your own particular circumstances.

Your ability to enforce civil liabilities under U.S. federal securities laws may be affected adversely because MFC is incorporated in Canada, most of MFC’s officers and directors and certain of the experts named in this prospectus supplement and the accompanying prospectus are Canadian residents, and a significant portion of MFC’s assets are located outside the United States.

Neither the Securities and Exchange Commission nor any state securities regulator has approved or disapproved these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

There is no market through which the notes may be sold and purchasers may not be able to resell notes purchased under this prospectus supplement. This may affect the pricing of the notes in the secondary market, the transparency and availability of trading prices, the liquidity of the notes and the extent of issuer regulation. See “Risk Factors.”

MFC is a life insurance company incorporated under the *Insurance Companies Act* (Canada) (the “ICA”). MFC was incorporated on April 26, 1999 for the purpose of becoming the publicly traded holding company of MLI following its demutualization. MLI was incorporated on June 23, 1887, by a Special Act of Parliament of the Dominion of Canada. Pursuant to the provisions of the *Canadian and British Insurance Companies Act* (Canada), the predecessor legislation to the ICA, MLI undertook a plan of mutualization and became a mutual life insurance company on December 19, 1968. As a mutual life insurance company, MLI had no common shareholders and its Board of Directors was elected by its participating policyholders in accordance with the ICA. Pursuant to Letters Patent of Conversion, effective September 23, 1999, MLI implemented a plan of demutualization under the ICA and converted to a life insurance company with common shares and became a wholly owned subsidiary of MFC.

- (1) Effective July 1, 2015, U.S. Division's RPS business included the assumption by New York Life of John Hancock's in-force participating life insurance closed block (the "Closed Block") through net 60% reinsurance agreements. The Closed Block transaction with New York Life resulted in a net ceded premium of approximately \$8.0 billion, reported as a reduction in premiums net of commissions received and additional consideration received relating to New York Life's retirement plan services business.
- (2) Realized and unrealized gains (losses) on assets supporting insurance and investment contract liabilities are mostly offset by changes in the measurement of our policy obligations. For fixed income assets supporting insurance and investment contracts, equities supporting pass-through products and derivatives related to variable annuity hedging programs, the impact of realized/unrealized gains (losses) on the assets is largely offset in the change in insurance and investment contract liabilities. The realized/unrealized gains (losses) on assets supporting insurance and investment contract liabilities related primarily to the impact of interest rate changes on bond and fixed income derivative positions as well as interest rate swaps supporting the dynamic hedge program.
- (3) On September 15, 2014, as part of the financing of the transaction related to the purchase of Standard Life, MFC issued 105,647,334 subscription receipts through a combination of a public offering and a private placement with the Caisse de dépôt et placement du Québec. The net cash proceeds from the sale of the subscription receipts were held by an escrow agent, in a restricted account, until closing of the transaction on January 30, 2015. Each subscription receipt entitled the holder to automatically receive, without payment of additional consideration or further action, one common share of MFC together with an amount equal to the per share dividends MFC declared on its common shares for record dates which occurred in the period from September 15, 2014 up to January 29, 2015, net of any applicable withholding taxes. On January 30, 2015, Manulife completed its purchase of Standard Life for cash consideration of \$4 billion. On the same day, MFC's outstanding subscription receipts were automatically converted on a one-for-one basis for 105,647,334 MFC common shares with a stated value of approximately \$2.2 billion.

## RISK FACTORS

*An investment in our notes is subject to various risks, including those risks inherent in investing in a diversified financial institution. Before deciding whether to invest in our notes, you should carefully consider the risks relating to Manulife and the other information in this prospectus supplement, the prospectus and the documents incorporated by reference in this prospectus supplement and the prospectus, including the risks and uncertainties discussed under “Risk Management,” “Risk Factors” and “Critical Accounting and Actuarial Policies” in the management’s discussion and analysis in the Form 40-F. The risks and uncertainties described below, in the prospectus and in the documents incorporated by reference are not the only ones we may face. Additional risks and uncertainties that we are unaware of, or that we currently deem to be immaterial, may also become important factors that affect us. If any of the following risks actually occurs, our business, financial condition or results of operations could be materially adversely affected, with the result that the trading price of the notes could decline and you could lose all or part of your investment.*

***Because the indenture contains no limit on the amount of additional debt that we may incur, our ability to make timely payments on the notes you hold may be affected by the amount and terms of our future debt.***

Our ability to make timely payments on our outstanding debt may depend on the amount and terms of our other obligations, including any notes. The indenture does not contain any limitation on the amount of indebtedness or other liabilities that we or any of our subsidiaries may incur in the future, including additional senior debt securities. As we issue additional notes under the indenture or incur other indebtedness, unless our earnings grow in proportion to our debt and other fixed charges, our ability to service the notes on a timely basis may become impaired. We expect that we will from time to time incur additional debt and other liabilities. In addition, MFC is not restricted from paying dividends on or repurchasing its securities under the indenture.

***Our holding company structure may adversely affect the ability of the holders of notes to receive payments on the notes.***

MFC is a holding company that relies on dividends and interest payments from its insurance and other subsidiaries as the principal source of cash flow to meet its obligations with respect to its indebtedness (including the notes). As a result, MFC’s cash flows and ability to service its obligations, including the notes, are dependent upon the earnings of its subsidiaries and the distribution of those earnings and other funds by its subsidiaries to it. Substantially all of MFC’s business is currently conducted through its subsidiaries. In addition, the Superintendent of Financial Institutions (Canada) (the “Superintendent”) is considering capital requirements for MLI on a standalone basis that could further restrict dividends and other distributions to MFC.

MLI is MFC’s principal operating subsidiary. The payment of dividends to MFC by MLI is subject to restrictions set out in the ICA. The ICA prohibits the declaration or payment of any dividend on shares of an insurance company if there are reasonable grounds for believing: (i) the company does not have adequate capital and adequate and appropriate forms of liquidity; or (ii) the declaration or the payment of the dividend would cause the company to be in contravention of any regulation made under the ICA respecting the maintenance of adequate capital and adequate and appropriate forms of liquidity, or of any direction made to the company by the Superintendent. All of our U.S. and Asian operating life insurance companies are subsidiaries of MLI. Accordingly, a restriction on dividends from MLI would prevent MFC from obtaining dividends from its U.S. and Asian insurance businesses.

Certain of MFC’s U.S. insurance subsidiaries also are subject to insurance laws in Michigan, New York, Massachusetts and Vermont, the jurisdictions in which these subsidiaries are domiciled, which impose general limitations on the payment of dividends and other upstream distributions by these subsidiaries to MLI. Our Asian insurance subsidiaries are also subject to restrictions in the jurisdictions in which these subsidiaries are domiciled which could affect their ability to pay dividends to MLI in certain circumstances. In addition, the ability of MFC’s insurance subsidiaries to pay dividends to MFC in the future will depend on their earnings and regulatory

[Table of Contents](#)

restrictions. These subsidiaries are subject to a variety of insurance and other laws and regulations that vary by jurisdiction and are intended to protect policyholders and beneficiaries in that jurisdiction first and foremost, rather than investors. These subsidiaries are generally required to maintain solvency and capital standards as set by their local regulators and may also be subject to other regulatory restrictions, all of which may limit the ability of subsidiary companies to pay dividends or make distributions to MFC. Such limits could have a material adverse effect on MFC's liquidity, including its ability to service its debt, including the notes.

Potential changes to regulatory capital and actuarial and accounting standards could also limit the ability of the insurance subsidiaries to pay dividends or make distributions and could have a material adverse effect on MFC's liquidity and on internal capital mobility, including on MFC's ability to service its debt, including the notes. We may be required to raise additional capital, which could be dilutive to existing shareholders, or to limit the new business we write, or to pursue actions that would support capital needs but adversely impact our subsequent earnings potential. In addition, the timing and outcome of these initiatives could have a significantly adverse impact on our competitive position relative to that of other Canadian and international financial institutions with which we compete for business and capital.

MFC seeks to maintain capital in its insurance subsidiaries in excess of the minimum required in all jurisdictions in which MFC does business. The minimum requirements in each jurisdiction may increase due to regulatory changes and we may decide to maintain additional capital in our operating subsidiaries to fund expected growth of the business or to deal with changes in the risk profile of such subsidiaries. Any such increases in the level of capital may reduce the ability of the operating companies to pay dividends and have a material adverse effect on MFC's liquidity.

***The notes are not guaranteed by any of our subsidiaries and the notes will be structurally subordinated to all existing and future liabilities of our subsidiaries.***

The notes are obligations exclusively of MFC and are not guaranteed by any of our subsidiaries, and our subsidiaries have no obligation to pay any amounts due on the notes. Furthermore, except to the extent MFC has a priority or equal claim against its subsidiaries as a creditor, the notes will be structurally subordinated to debt and preferred stock at the subsidiary level because, as the common shareholder of its subsidiaries, MFC will be subject to the prior claims of creditors of its subsidiaries. As a result, a holder of notes will not have any claim as a creditor against our subsidiaries. Accordingly, the notes are structurally subordinated to all liabilities of MFC's subsidiaries, including liabilities to policyholders and contract holders. Therefore, holders of notes should rely only on MFC's assets for payments on the notes. As of December 31, 2015, MFC's subsidiaries had \$7,711 million of long-term debt and liabilities for preferred shares and capital instruments.

***Each series of notes will constitute a separate series of notes under the indenture.***

Each time we issue notes, the notes that we issue will constitute a separate series of debt securities for purposes of the indenture (unless it is specifically provided that the notes so issued will constitute a reopening of an outstanding series of notes). This may result in adverse consequences to holders of notes, if an event of default were to occur with respect to the notes of a particular series but not with respect to any other series of notes. If this were to occur, holders of notes of the series in respect of which such event of default shall have occurred may be entitled to accelerate the notes of such series while holders of notes of other series, in the absence of any event of default, will not be entitled to accelerate their notes or pursue any other remedy. As a result, holders of notes that have been accelerated may be entitled to payment in full in respect of their claims while holders of notes of other series that have not been accelerated will not be entitled to any such payment until such payment is due in accordance with the terms of the notes of such series or an event of default shall have occurred with respect to the notes of such series.

[Table of Contents](#)

***There is no existing public market for the notes, a market may not develop and you may have to hold your notes to maturity.***

Each of the 2026 notes and 2046 notes is a new issue of securities and there is no existing trading market for either series of notes. We do not intend to apply for a listing of the notes on any securities exchange or automated interdealer quotation system. We have been advised by the underwriters that the underwriters intend to make a secondary market for both series of notes. However, they are not obligated to do so and may discontinue making a secondary market for either or both series of notes at any time without notice. If a trading market for either series of notes develops, no assurance can be given as to how liquid that trading market will be. If any of the notes are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors, including general economic conditions and our financial condition, performance and prospects.

***If a trading market does develop, changes in our credit ratings or the debt markets could adversely affect the market price of the notes.***

The price for the notes depends on many factors, including:

- our credit ratings with major credit rating agencies;
- the prevailing interest rates being paid by other companies similar to us;
- our financial condition, financial performance and future prospects; and
- the overall condition of the financial markets.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Such fluctuations could have an adverse effect on the price of the notes.

In addition, credit rating agencies continually review their ratings for the companies that they follow, including us. The credit rating agencies also evaluate the insurance industry as a whole and may change their credit rating for MFC based on their overall view of our industry. A negative change in our rating could have an adverse effect on the price of the notes.

***The terms of the indenture and the notes provide only limited protection against significant events that could adversely impact your investment in the notes.***

The indenture governing the notes does not:

- require us to maintain any financial ratios or specific levels of net worth, revenues, income, cash flow or liquidity;
- restrict our subsidiaries' ability to issue securities or otherwise incur indebtedness or other obligations that would be senior to our equity interests in our subsidiaries and therefore rank effectively senior to the notes with respect to the assets of our subsidiaries;
- restrict our ability to enter into a recapitalization transaction, change of control, highly leveraged transaction or similar transaction that may adversely affect you, except to the limited extent described under "Description of the Notes—Consolidation, Merger and Sale of Assets"; or
- restrict our ability to make investments or to repurchase, or pay dividends or make other payments in respect of, our common shares or other securities ranking equally with or junior to the notes.

As a result of the foregoing, when evaluating the terms of the notes, you should be aware that the terms of the indenture and the notes do not restrict our ability to engage in, or to otherwise be a party to, a variety of corporate transactions, circumstances and events that could have an adverse impact on your investment in the notes.

***Under certain circumstances, payments on the notes may be subject to U.S. information reporting and withholding tax under FATCA.***

Under the Foreign Account Tax Compliance Act provisions of the *U.S. Internal Revenue Code of 1986*, as amended (the “Code”), and related U.S. Treasury guidance (“FATCA”), a withholding tax of 30% will be imposed in certain circumstances on (i) payments of certain U.S. source income (including interest and dividends) and gross proceeds from the sale or other disposition of property that can produce U.S. source interest or dividends (“withholdable payments”) and (ii) payments by certain foreign financial institutions (such as banks, brokers, investment funds or certain holding companies) (“FFIs”) that agree to comply with FATCA (“participating FFIs”) that are attributable to withholdable payments (“foreign passthru payments”). It is uncertain at present when payments will be treated as “attributable” to withholdable payments. FATCA withholding on foreign passthru payments generally will not apply to debt obligations that are issued on or before the date that is six months after the date on which the final U.S. Treasury Regulations that define “foreign passthru payments” (“passthru payment regulations”) are filed unless such obligations are materially modified after that date.

It is possible that, in order to comply with FATCA, we (or if the notes are held through an FFI, such FFI) may be required, pursuant to an agreement with the United States (an “FFI Agreement”) or under applicable non-U.S. law enacted in connection with an intergovernmental agreement between the United States and another jurisdiction (an “IGA”) to request certain information and documentation from the holders or beneficial owners of the notes, which may be provided to the Internal Revenue Service (the “IRS”). In addition, if the terms of the notes are materially modified on a date more than six months after the date on which the passthru payment regulations are filed, then it is possible that we or a financial institution through which the notes are held may be required to apply the FATCA withholding tax to any payment with respect to the notes treated as a foreign passthru payment made after the later of (a) 31 December 2018 and (b) the date on which the passthru payment regulations are published if any required information or documentation is not provided or if payments are made to certain FFIs that have not agreed to comply with an FFI Agreement (and are not subject to similar requirements under applicable non-U.S. law enacted in connection with an IGA).

Each non-U.S. person considering an investment in the notes should consult its own tax advisor regarding the application of FATCA to the notes.

**USE OF PROCEEDS**

The net proceeds from the sale of the notes will amount to approximately US\$1.733 billion, after deducting underwriting commissions and the estimated expenses of the offering. MFC intends to use the net proceeds from the sale of the notes offered by this prospectus supplement for general corporate purposes, including future refinancing requirements.

**EARNINGS COVERAGE INFORMATION**

For the 12 months ended December 31, 2015, the interest requirements (the “MFC Debt Interest”) on the senior long-term indebtedness of MFC, subordinated long-term indebtedness of MLI, the surplus notes of John Hancock Life Insurance Company (U.S.A.), the subordinated notes issued by John Hancock Financial Corporation to Manulife Finance (Delaware) LLC, plus other notes payable, net of related currency and interest rate swaps, amounted to \$362 million, and would have been \$466 million after giving effect to the issuance of the notes.

For the 12 months ended December 31, 2015, the MFC Aggregate Debt Interest, defined as the sum of (a) the MFC Debt Interest, net of related currency and interest rate swaps, (b) interest requirements on the liabilities for capital instruments related to the Manulife Financial Capital Trust II Notes – Series 1 and (c) the pre-tax equivalent of the dividends on the liabilities for preferred shares accounted for as interest expense, amounted to \$445 million, and would have been \$550 million after giving effect to the issuance of the notes.

For the 12 months ended December 31, 2015, the MFC Total Debt Interest, defined as the sum of (a) the interest requirements on other outstanding indebtedness, excluding interest expense on the liabilities for subscription receipts, and (b) MFC Aggregate Debt Interest, amounted to \$622 million, and would have been \$726 million after giving effect to the issuance of the notes. From MFC’s perspective, the other outstanding indebtedness represents operational leverage, not financial leverage.

For the 12 months ended December 31, 2015, the consolidated earnings of MFC before the deduction of MFC Aggregate Debt Interest and income taxes amounted to \$3,062 million. This amount was approximately 8.5 times the MFC Debt Interest and approximately 6.9 times the MFC Aggregate Debt Interest for the same period. After giving effect to the issuance of the notes, for the 12 months ended December 31, 2015, the consolidated earnings of MFC before the deduction of MFC Aggregate Debt Interest and income taxes would have been approximately 6.6 times the MFC Debt Interest and approximately 5.6 times the MFC Aggregate Debt Interest.

For the 12 months ended December 31, 2015, the consolidated earnings of MFC before the deduction of MFC Total Debt Interest and income taxes amounted to \$3,238 million. This amount was approximately 5.2 times the MFC Total Debt Interest for the same period. After giving effect to the issuance of the notes, for the 12 months ended December 31, 2015, the consolidated earnings of MFC before the deduction of MFC Total Debt Interest and income taxes would have been approximately 4.5 times the MFC Total Debt Interest.

In calculating the earnings coverage ratios, foreign currency amounts have been converted to Canadian dollars using the average rates of exchange for each quarter. For the 12 months ended December 31, 2015, the average exchange rate was \$1.2788 per US\$1.00.

## DESCRIPTION OF THE NOTES

*The following description is a summary of certain terms of the notes and certain provisions of the indenture, as supplemented by the second supplemental indenture. This summary supplements the description set forth in the prospectus and should be read in conjunction with “Description of Debt Securities” in the prospectus. The description of certain terms of the notes and the indenture does not purport to be complete and such description is qualified in its entirety by reference to the indenture under which the notes are to be issued, referred to in the prospectus and filed as an exhibit to the registration statement of which this prospectus supplement and the prospectus are a part and the second supplemental indenture relating to the notes which will be filed as an exhibit to a Report on Form 6-K. To the extent that the following description is not consistent with that contained in the prospectus under “Description of Debt Securities” you should rely on this description. This description is only a summary of the material terms and does not purport to be complete. We urge you to read the indenture, as supplemented by the second supplemental indenture, in its entirety because it, and not this description, will define your rights as a beneficial holder of the notes. References to “MFC,” “we,” “us” and “our” in the following description refer only to Manulife Financial Corporation on an unconsolidated basis.*

### General

The notes will be issued under an indenture, dated September 17, 2010, between MFC and The Bank of New York Mellon, as trustee, as supplemented by a second supplemental indenture, to be dated the date of issuance of the notes, between MFC and the trustee (together, the “indenture”).

The notes will be direct unsecured and unsubordinated obligations of MFC. Each of the 2026 notes and the 2046 notes will constitute a separate series of senior debt securities under the indenture. The 2026 notes initially will be issued in an aggregate principal amount of US\$1,000,000,000 and will mature on March 4, 2026. The 2046 notes initially will be issued in an aggregate principal amount of US\$750,000,000 and will mature on March 4, 2046. The notes will be issued in minimum denominations of US\$2,000 and integral multiples of US\$1,000 in excess thereof.

The 2026 notes will bear interest at the rate of 4.150% per year and the 2046 notes will bear interest at the rate of 5.375% per year. Interest will accrue on the notes from March 4, 2016, or from the most recent date to which interest has been paid or provided for, payable semi-annually in arrears on March 4 and September 4 of each year, commencing September 4, 2016, to the persons in whose names the notes are registered at the close of business on the next preceding February 15 or August 15, respectively. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of interest payable for any period less than a full interest period shall be computed on the basis of a 360-day year consisting of twelve 30-day months and the actual days elapsed in a partial month in such period. Any payment of principal, premium or interest required to be made on an interest payment date that is not a business day in New York, New York and Toronto, Ontario will be made on the next succeeding business day, and no interest will accrue on that payment for the period from and after the interest payment date to the date of payment on the next succeeding business day.

Payment of principal, premium, if any, and interest on the notes will be made in United States dollars.

MFC may, from time to time, without notice to or the consent of holders of notes, create and issue additional 2026 notes or 2046 notes under the indenture in addition to the aggregate principal amount of 2026 notes or 2046 notes, as the case may be, offered hereby having the same terms and conditions as the 2026 notes or 2046 notes, as the case may be, being offered hereby in all respects, except for issue date, issue price and, if applicable, the initial interest accrual date and the first payment of interest thereon. Additional 2026 notes or 2046 notes issued in this manner may be consolidated with, and form a single series with, the 2026 notes or 2046 notes, as the case may be, being offered hereby. The notes offered hereby and any additional notes would rank equally and ratably. Any additional notes must be fungible with the applicable notes offered hereby for U.S. federal income tax purposes or be identified by a separate CUSIP number. In the event that additional notes are issued, we will prepare a new prospectus supplement.

## **Table of Contents**

The notes will not be entitled to the benefits of any sinking fund.

MFC is a holding company and relies primarily on dividends and interest payments from its insurance and other subsidiaries to meet its obligations for payment of interest and principal on outstanding debt obligations, dividends to shareholders and corporate expenses. As a result, MFC's cash flows and ability to service its obligations, including the notes offered hereby, are dependent upon the earnings of its subsidiaries, distributions of those earnings to it and other payments or distributions of funds by its subsidiaries to it.

The ability of MFC's insurance subsidiaries to pay dividends to MFC in the future will depend on their earnings and regulatory restrictions. The payment of dividends to MFC by MLI, MFC's principal subsidiary, is subject to restrictions set out in the ICA. The ICA prohibits the declaration or payment of any dividend on shares of an insurance company if there are reasonable grounds for believing (i) the company does not have adequate capital and adequate and appropriate forms of liquidity, or (ii) the declaration or the payment of the dividend would cause the company to be in contravention of any regulation made under the ICA respecting the maintenance of adequate capital and adequate and appropriate forms of liquidity, or any direction made to the company by the Superintendent. As all of our U.S. and Asian operating life companies are now subsidiaries of MLI, a restriction on dividends from MLI would prevent MFC from obtaining dividends from its U.S. and Asian insurance businesses. Certain of MFC's U.S. insurance subsidiaries also are subject to insurance laws in Michigan, New York, Massachusetts and Vermont, the jurisdictions in which these subsidiaries are domiciled, which impose general limitations on the payment of dividends and other upstream distributions by these subsidiaries to MLI. Our Asian insurance subsidiaries are also subject to restrictions which could affect their ability to pay dividends to MLI in certain circumstances. In addition, the payment of other upstream distributions by our insurance subsidiaries is limited under the insurance company laws in the jurisdictions where those subsidiaries are domiciled and in which they conduct operations.

MFC's subsidiaries have no obligation to pay any amounts due on the notes. Furthermore, except to the extent MFC has a priority or equal claim against its subsidiaries as a creditor, the notes will be structurally subordinated to debt and preferred stock at the subsidiary level because, as the common shareholder of its subsidiaries, MFC will be subject to the prior claims of creditors of its subsidiaries. Consequently, the notes are structurally subordinated to all liabilities of any of MFC's subsidiaries, including liabilities to policyholders and contract holders. Substantially all of MFC's business is currently conducted through its subsidiaries, and MFC expects this to continue. As of December 31, 2015, MFC had \$1,837 million of long-term debt and MFC's subsidiaries had \$7,711 million of long-term debt and liabilities for preferred shares and capital instruments.

The indenture does not limit the ability of MFC or its subsidiaries to issue or incur additional indebtedness or other liabilities.

### **No Option to Defer Interest Payments**

MFC will not have the right to defer the payment of interest on the notes.

### **Payment of Additional Amounts**

The indenture provides that we will make all payments under or with respect to the notes free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or any province, territory or political subdivision thereof, or by any authority or agency therein or thereof having power to tax ("relevant taxes"), except to the extent required by law or by the interpretation or administration thereof. If we are so required to withhold or deduct any amount for or on account of such relevant taxes from any payment made under or with respect to the notes, we will pay such additional amounts as may be necessary so that the net amount received by each holder of the relevant notes (including such additional amounts) after such withholding or deduction will be equal to the amount such holder would have received if such relevant taxes had not been

withheld or deducted. We refer to such payments as “additional amounts.” However, we will pay no additional amounts in respect of any notes for or on account of:

- any relevant tax imposed by reason that such holder or beneficial owner of the notes or other person entitled to payment under the notes does not deal at arm’s length within the meaning of the *Income Tax Act* (Canada) (the “Tax Act”) with us or is, or does not deal at arm’s length with any person who is, a “specified shareholder” of us (as defined in subsection 18(5) of the Tax Act);
- any relevant tax that would not have been imposed if the holder, or the beneficial owner, of the notes complied with our request to provide information concerning his, her or its nationality, residence or identity or to make a declaration, claim or filing or satisfy any requirement for information or reporting that is required to establish the eligibility of the holder, or the beneficial owner, of the notes to receive the relevant payment without (or at a reduced rate of) withholding or deduction for or account of any such relevant tax;
- any relevant tax that would not have been imposed but for the fact that the holder, or the beneficial owner, of the notes (or any fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such holder or beneficial owner, if such holder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) was a resident, domiciliary or national of, or engaged in business or maintained a permanent establishment or was physically present in, Canada or any province, territory or political subdivision thereof, or otherwise had some connection with Canada or any province, territory or political subdivision thereof, other than merely holding the notes, or receiving payments under the notes;
- any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax with respect to the notes;
- any relevant tax that is levied or collected otherwise than by withholding from payments on or in respect of the notes;
- any withholding or deduction imposed pursuant to or in connection with (i) Sections 1471 to 1474 of the Code, or any successor version thereof, or any similar legislation imposed by any other governmental authority, (ii) any agreements (including intergovernmental agreements) with respect thereto, or (iii) any treaty, law, regulation, or official interpretation enacted by Canada or any other governmental authority implementing any of the foregoing; or
- any combination of the foregoing.

In addition, we will not pay additional amounts to any holder of the notes who is a fiduciary or partnership or other than the sole beneficial owner of the payment subject to the relevant tax, to the extent such payment would, under the laws of Canada or any province, territory or political subdivision thereof, be treated as being derived or received for tax purposes by a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner who would not have been entitled to additional amounts had it been the holder of the notes.

If we are required by law or by the interpretation or administration thereof to withhold or deduct any relevant taxes from any payment under or with respect to the notes, we will:

- make such withholding or deduction; and
- remit the full amount so deducted or withheld to the relevant authority in accordance with applicable law.

We will furnish to the holders of the notes, within 30 days after the date the payment of any relevant taxes is due pursuant to applicable law, certified copies of tax receipts or other documents evidencing such payment by us.

**Table of Contents**

If we are required by law or by the interpretation or administration thereof to withhold or deduct any relevant taxes from any payment under or with respect to the notes for which we would then have been required to pay additional amounts and fail to so withhold or deduct, we will indemnify and hold harmless each holder of the notes for the amount of:

- such relevant taxes levied or imposed on and paid by such holder;
- any liability (including penalties, interest and expenses) arising from such relevant taxes; and
- any relevant taxes imposed with respect to any payment under the preceding two bullet points.

Wherever in the indenture there is mentioned, in any context, the payment of principal (and premium, if any), interest or any other amount payable under or with respect to the notes, such mention shall be deemed to include mention of the payment of additional amounts to the extent that, in such context, additional amounts are, were or would be payable in respect thereof.

If, as a result of MFC’s consolidation, amalgamation, statutory arrangement or merger with or into an entity organized under the laws of a country other than Canada or the United States or a political subdivision of a country other than Canada or the United States or the conveyance, transfer or leasing by MFC of its assets substantially as an entirety to such an entity, such an entity assumes the obligations of MFC under the indenture and the notes, such entity will pay additional amounts on the same basis as described above, except that references to “Canada” and its political subdivisions will be treated as references to Canada, the country in which such entity is organized or resident (or deemed resident for tax purposes) and their respective political subdivisions.

**Payment and Paying Agent**

We will pay principal of, premium, if any, and interest on the notes at the office of the trustee in the City of New York or at the office of any paying agent that we may designate.

We will pay any interest on the notes to the registered owner of the notes at the close of business on the record date for the interest, except in the case of defaulted interest. We may at any time designate additional paying agents or rescind the designation of any paying agent. We must maintain a paying agent in each place of payment for the notes.

Any moneys or U.S. government obligations (including the proceeds thereof and interest thereon) deposited with the trustee or any paying agent, or then held by us in trust, for the payment of the principal of, premium, if any, and interest on the notes that remain unclaimed for two years after the principal, premium, if any, or interest has become due and payable will, at our request, be repaid to us. After repayment to us, you are entitled to seek payment only from us as an unsecured general creditor.

**Optional Redemption**

Each of the 2026 notes and the 2046 notes will be redeemable at MFC’s option, in whole or in part, at any time, and from time to time (any such date fixed for redemption, a “Redemption Date”), at a redemption price equal to the greater of (i) 100% of the principal amount to be redeemed plus accrued and unpaid interest to, but excluding, the applicable Redemption Date and (ii) the “Make-Whole Redemption Amount” (as defined below).

We will mail notice of any redemption of either series of notes at least 30 days but not more than 60 days before the Redemption Date to the registered holders of such notes at their addresses as shown on the security register. Unless we default in payment of the redemption price, on and after the Redemption Date, interest will cease to accrue on the notes or the portions thereof called for redemption. If less than all of the notes of either series are to be redeemed, the notes or portion of the notes of such series to be redeemed shall be selected in

[Table of Contents](#)

accordance with the procedures of The Depository Trust Company (“DTC”), or a successor thereto as depository with respect to such series. The trustee may select for redemption notes and portions of notes of such series in amounts of US\$1,000 and integral multiples of US\$1,000 in excess thereof (*provided* that the unredeemed portion of any notes to be redeemed in part will not be less than US\$2,000), and shall thereafter promptly notify MFC in writing of the numbers of notes of a particular series to be redeemed, in whole or in part.

As used in this section:

“*Make-Whole Redemption Amount*” means the sum, as calculated by the Premium Calculation Agent, of the present values of the remaining scheduled payments of principal and interest (excluding interest accrued to the Redemption Date) on the 2026 notes or the 2046 notes, as the case may be, to be redeemed from the Redemption Date to the respective maturity date discounted to such Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate, plus 35 basis points in the case of the 2026 notes and 40 basis points in the case of the 2046 notes, plus, in each case, accrued and unpaid interest thereon to, but excluding, the applicable Redemption Date.

For purposes of the preceding definition:

- “*Treasury Rate*” means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity of the applicable Comparable Treasury Issue, calculated using a price for such Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the applicable Comparable Treasury Price for such Redemption Date. The Treasury Rate will be calculated on the third Business Day preceding the Redemption Date.
- “*Premium Calculation Agent*” means an investment banking institution of national standing appointed by MFC.
- “*Comparable Treasury Issue*” means the U.S. Treasury security selected by the Premium Calculation Agent as having a maturity comparable to the term remaining from the Redemption Date to March 4, 2026 in the case of the 2026 notes and to March 4, 2046 in the case of the 2046 notes (in each case, the “Remaining Life”) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Remaining Life.
- “*Comparable Treasury Price*” means, with respect to a Redemption Date (1) the average of five Reference Treasury Dealer Quotations for such Redemption Date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Premium Calculation Agent obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.
- “*Reference Treasury Dealers*” means (1) Citigroup Global Markets Inc. and Morgan Stanley & Co. LLC and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. government securities dealer in the United States (a “Primary Treasury Dealer”) MFC will substitute therefor another Primary Treasury Dealer, and (2) any other Primary Treasury Dealers selected by the Premium Calculation Agent after consultation with MFC.
- “*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Premium Calculation Agent, of the bid and ask prices for the applicable Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Premium Calculation Agent at 3:30 p.m., New York City time, on the third Business Day preceding such Redemption Date.
- “*Business Day*” means each Monday, Tuesday, Wednesday, Thursday and Friday which is not a day on which banking institutions in New York, New York or Toronto, Ontario are authorized or obligated by law or executive order to close.

## **Tax Redemption**

Each of the 2026 notes and the 2046 notes will be subject to redemption in whole, but not in part, at our option, at any time, on not less than 30 nor more than 60 days' prior written notice, at 100% of the principal amount, together with accrued and unpaid interest thereon to, but excluding, the Redemption Date, in the event we determine that we have become or would become obligated to pay, on the next date on which any amount would be payable with respect to the notes of that series, any additional amounts as a result of an amendment to or change in the laws (including any regulations promulgated thereunder) of Canada (or any province, territory or political subdivision thereof), or any amendment to or change in any official position regarding the application or interpretation of such laws or regulations or judicial decision interpreting such laws or regulations, which amendment, change or judicial decision is announced or becomes effective on or after the date of this prospectus supplement.

No redemption of the 2026 notes or the 2046 notes, as the case may be, shall be made pursuant to this provision unless:

- we have received an opinion of counsel that additional amounts will be payable on the next payment date in respect of such notes;
- we have delivered to the trustee an officers' certificate stating that we are entitled to redeem such notes pursuant to their terms; and
- at the time such notice of redemption is given, such obligation to pay such additional amounts remains in effect.

## **Ranking**

The notes are unsecured and rank equally in right of payment with all of our other unsecured and unsubordinated debt to the extent provided in the indenture.

## **Consolidation, Merger and Sale of Assets**

We will not consolidate with, amalgamate with or merge with or into any other person, or consummate a statutory arrangement with another person, or convey, transfer or lease our properties and assets substantially as an entirety to any person, and we will not permit any person to consolidate with, amalgamate with or merge with or into us, unless:

- either (i) we will be the surviving corporation in a merger, amalgamation, consolidation, or statutory arrangement or (ii) if we consolidate with, amalgamate with or merge into another person, or consummate a statutory arrangement with another person, in which such other person is the surviving entity, or convey, transfer or lease our assets substantially as an entirety to any person, the successor person entity will (a) be a corporation organized and validly existing under the laws of Canada, the United States or any member country of the European Union as of December 31, 2003, or any political subdivision of the foregoing; and (b) expressly assume (except when such assumption is deemed to have occurred by the sole operation of law) our obligations relating to the notes of every series, and the notes of every series will be valid and binding obligations of the successor person entity entitling the holders thereof, as against the successor person entity, to all the rights of holders of notes under the indenture;
- immediately after giving effect to the consolidation, amalgamation, statutory arrangement, merger, conveyance or transfer, no event of default under the indenture, and no event which, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing; and
- other conditions described in the indenture are met.

[Table of Contents](#)

This restriction would not apply to the direct or indirect conveyance, transfer or lease of all or any portion of the stock, undertaking, property, assets or liabilities of any of our wholly owned subsidiaries to us. In addition, this restriction would not apply to any recapitalization transaction, change of control or highly leveraged transaction unless such transaction or change of control were structured to include a merger, amalgamation, statutory arrangement or consolidation by us or the conveyance, transfer or lease of our assets substantially as an entirety.

**Limitations on Liens**

So long as any of the 2026 notes or 2046 notes are outstanding, neither MFC nor any of its subsidiaries will create, assume, incur, guarantee or permit to exist any debt which is secured by any mortgage, pledge, lien, security interest, charge, hypothec, floating charge or other encumbrance on any capital stock of:

- MLI or John Hancock Life Insurance Company (U.S.A.), each a “Restricted Subsidiary;”
- any successor to substantially all of the business of any Restricted Subsidiary which is also a subsidiary of MFC; or
- any corporation (other than MFC) having direct or indirect control of any Restricted Subsidiary or any such successor.

However, this restriction will not apply if the notes then outstanding are secured at least equally and ratably with the otherwise prohibited secured debt so long as it is outstanding.

**Purchase of Maturing Notes**

MFC may elect, by giving written notice of such election to the trustee, to have a subsidiary of MFC purchase, on the applicable maturity date of the 2026 notes or the 2046 notes, all of the outstanding notes of such series. In order for MFC’s subsidiary to be able to purchase such notes, MFC must have deposited with the trustee money in an amount sufficient to pay (i) all accrued and unpaid interest on the maturing notes and (ii) all other sums payable by MFC under the indenture with respect to the maturing notes, and MFC’s subsidiary must have deposited with the trustee money in an amount sufficient to pay the principal and premium, if any, of the maturing notes.

**Modification and Waiver**

***Modification***

Under the indenture, we and the trustee may supplement the indenture for certain purposes which would not materially adversely affect the interests or rights of holders of either the 2026 notes or the 2046 notes without the consent of the holders of such notes. We and the trustee may also modify and amend the indenture with the consent of the holders of a majority in aggregate principal amount of the outstanding notes of the series affected. However, no modification or amendment may, without the consent of the holder of each outstanding note affected:

- change the stated maturity of the principal of, or any installment of interest payable on, any outstanding note;
- reduce the principal amount of or the rate of interest on or any premium payable upon the redemption thereof, or the amount of principal of an original issue discount security that would be due and payable upon redemption or acceleration or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of, any outstanding note;
- change the place of payment where, or the coin or currency in which, any outstanding note or any principal (and premium, if any) or interest thereon is payable;

## **Table of Contents**

- impair the right to institute suit for the enforcement of any payment on any outstanding note on or after the stated maturity or Redemption Date;
- reduce the percentage of the holders of outstanding notes of such series necessary to modify or amend the indenture, to waive compliance with certain provisions of the indenture or certain defaults and consequences of such defaults or to reduce the quorum or voting requirements set forth in the indenture;
- modify any of these provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of all of the holders of the notes affected; or
- modify the circumstances under which we must pay certain additional amounts to holders of notes in a manner adverse to the holders of the notes.

### ***Waiver***

The holders of not less than a majority in aggregate principal amount of the outstanding 2026 notes or the 2046 notes, as the case may be, may, on behalf of the holders of all notes of that series, waive compliance by us with certain restrictive covenants of the indenture which relate to that series.

The holders of not less than a majority in aggregate principal amount of the outstanding 2026 notes or the 2046 notes, as the case may be, may, on behalf of the holders of all notes of that series, generally waive any past default under the indenture relating to that series of notes and the consequences of such default. However, a default in the payment of the principal of, or premium, if any, or interest on, any note of that series or relating to a covenant or provision which under the indenture relating to the notes cannot be modified or amended without the consent of the holder of each outstanding note of that series affected, cannot be so waived.

### **Events of Default**

Under the terms of the indenture, each of the following constitutes an event of default for each of the 2026 notes and the 2046 notes:

- failure to pay any interest on such series of notes when due, continued for 30 days;
- failure to pay principal of or premium, if any, on such series of notes when due;
- failure to perform any covenant or warranty in the indenture for 90 days after MFC receives written notice of such failure by holders of at least 25% in aggregate principal amount of the outstanding notes of such series; and
- certain events of bankruptcy, insolvency, reorganization, winding-up, liquidation or dissolution.

We are required to furnish the trustee annually with a statement as to the fulfillment of our obligations under the indenture. The indenture provides that the trustee may withhold notice to you of any default, except in respect of the payment of principal or interest on the notes, if it considers it in the interests of the holders of the notes to do so.

### ***Effect of an Event of Default***

If an event of default with respect to the 2026 notes or the 2046 notes exists (other than an event of default in the case of certain events of bankruptcy), the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding notes of that series may declare the principal amount of the notes of that series to be due and payable immediately, by a notice in writing to us, and to the trustee if given by holders. Upon that

**Table of Contents**

declaration the principal amount of that series of notes will become immediately due and payable. However, at any time after a declaration of acceleration has been made, but before a judgment or decree for payment of the money due has been obtained, the holders of not less than a majority in aggregate principal amount of the outstanding notes of that series may, subject to conditions specified in the indenture, rescind and annul that declaration.

If an event of default in the case of certain events of bankruptcy exists, the principal amount of all notes outstanding under the indenture shall automatically, and without any declaration or other action on the part of the trustee or any holder of such outstanding notes, become immediately due and payable.

Subject to the provisions of the indenture relating to the duties of the trustee, if an event of default then exists, the trustee will be under no obligation to exercise any of its rights or powers under the indenture (other than the payment of any amounts on the notes furnished to it pursuant to the indenture) at a holder's (or any other person's) request or direction, unless it has offered to the trustee security or indemnity reasonably satisfactory to the trustee. Subject to the provisions for the security or indemnification of the trustee, the holders of a majority in aggregate principal amount of the outstanding 2026 notes or the 2046 notes, as the case may be, have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee in connection with the notes of that series.

***Legal Proceedings and Enforcement of Right to Payment***

A holder of the 2026 notes or the 2046 notes will not have any right to institute any proceeding with respect to the indenture or for any remedy under the indenture, unless such holder has previously given to the trustee written notice of a continuing event of default with respect to notes of that series. In addition, the holders of at least 25% in aggregate principal amount of the outstanding 2026 notes or the 2046 notes, as the case may be, must have made written request, and offered the trustee security or indemnity reasonably satisfactory to the trustee to institute that proceeding as trustee, and, within 60 days following the receipt of that notice, the trustee must not have received from the holders of a majority in aggregate principal amount of the outstanding notes of that series a direction inconsistent with that request, and must have failed to institute the proceeding. However, a holder of a note will have an absolute and unconditional right to receive payment of principal of, premium, if any, and interest on that note on or after the due dates expressed in the note (or, in the case of redemption, on or after the Redemption Date) and to institute a suit for the enforcement of that payment.

**Satisfaction and Discharge**

The indenture provides that when, among other things, all notes of a series not previously delivered to the trustee for cancellation:

- have become due and payable;
- will become due and payable at their stated maturity within one year; or
- are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in our name and at our expense;

and we deposit or cause to be deposited with the trustee, money or United States government obligations or a combination thereof, as trust funds, in an amount (such amount to be certified in the case of United States government obligations) to be sufficient to pay and discharge the entire indebtedness on such notes not previously delivered to the trustee for cancellation, for the principal, and premium, if any, and interest to the date of the deposit or to the stated maturity or Redemption Date, as the case may be, then the indenture will cease to be of further effect, and we will be deemed to have satisfied and discharged the indenture with respect to that series. However, we will continue to be obligated to pay all other sums due under the indenture and to provide the officers' certificates and opinions of counsel described in the indenture.

**Defeasance and Covenant Defeasance**

The indenture provides that we may discharge all of our obligations, other than as to transfers and exchanges and certain other specified obligations, under the 2026 notes or the 2046 notes at any time, and that we may also be released from our obligations described above under “—Limitations on Liens” and “—Consolidation, Merger and Sale of Assets” and from certain other obligations, including obligations imposed by a supplemental indenture with respect to that series, if any, and elect not to comply with those sections and obligations without creating an event of default. Discharge under the first procedure is called “defeasance” and under the second procedure is called “covenant defeasance.”

Defeasance or covenant defeasance may be effected only if:

- we irrevocably deposit or cause to be deposited with the trustee money or United States government obligations or a combination thereof as trust funds in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and any premium and interest on, all outstanding notes of that series,
- we deliver to the trustee an opinion of counsel in the United States to the effect that:
  - the holders of the notes of that series will not recognize gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge or as a result of the deposit and covenant defeasance, and
  - the deposit, defeasance and discharge or the deposit and covenant defeasance will not otherwise alter those holders’ United States federal income tax treatment of principal and interest payments on the notes of that series,

in the case of a defeasance, this opinion must be based on a ruling of the IRS or a change in United States federal income tax law occurring after the date of execution of the indenture;

provided, however, that no such opinion need be delivered if all notes not theretofore delivered to the trustee for cancellation have become due and payable, will become due and payable at their stated maturity within one year, or have been called for redemption, or are to be called for redemption within one year under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of MFC;

- we deliver to the trustee an opinion of counsel in Canada or a ruling from the Canada Revenue Agency (the “CRA”) to the effect that:
  - the holders of the notes of that series will not recognize income, gain or loss for Canadian federal, provincial, or territorial income or other tax purposes as a result of such defeasance or covenant defeasance, and
  - the defeasance or covenant defeasance will not otherwise alter those holders’ Canadian federal, provincial and territorial income tax treatment of principal and interest payments on the notes of such series,

provided, however, that no such opinion need be delivered if all notes not theretofore delivered to the trustee for cancellation have become due and payable, will become due and payable at their stated maturity within one year, or have been called for redemption, or are to be called for redemption within one year under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of MFC;

- no event of default under the indenture has occurred and is continuing;
- we are not an “insolvent person” within the meaning of the *Winding-Up and Restructuring Act* (Canada), the *Assignments and Preferences Act* (Ontario) and the *Fraudulent Conveyances Act* (Ontario);

## Table of Contents

- such defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under, any indenture or other agreement or instrument for borrowed money to which we are a party or by which we are bound;
- such defeasance or covenant defeasance does not result in the trust arising from such deposit constituting an investment company within the meaning of the *United States Investment Company Act of 1940* unless such trust shall be registered under the *United States Investment Company Act of 1940* or exempt from registration thereunder;
- we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance or covenant defeasance have been complied with; and
- other conditions specified in the indenture are met.

### **Enforceability of Judgments**

Since a significant portion of our assets and certain of our subsidiaries, as well as the assets of a number of our directors and officers, are outside the United States, any judgment obtained in the United States against us, including judgments with respect to the payment of principal, premium, if any, or interest on the notes may not be fully collectible within the United States.

We have been informed by our Canadian counsel, Torys LLP, that the laws of the Province of Ontario and the federal laws of Canada applicable therein permit an action to be brought in a court of competent jurisdiction in that province on any final judgment in personam of any United States federal or New York state court located in the Borough of Manhattan, City and State of New York (a "New York Court") against us, which judgment is subsisting and unsatisfied for a fixed sum of money with respect to the enforcement of the indenture and that is not impeachable as void or voidable under the internal laws of the State of New York if:

- such judgment was not obtained by fraud or in a manner contrary to natural justice and the enforcement thereof would not be inconsistent with "public policy", as such term is understood under the laws of the Province of Ontario and the federal laws of Canada applicable therein or contrary to any order made by the Attorney General of Canada under the *Foreign Extraterritorial Measures Act* (Canada) or by the Competition Tribunal under the *Competition Act* (Canada);
- the enforcement of such judgment does not constitute, directly or indirectly, the enforcement of foreign revenue or penal laws;
- the action to enforce such judgment is commenced within the applicable limitation period; and
- the court rendering such judgment had jurisdiction over MFC, as recognized by the courts of the Province of Ontario (submission by us in the indenture to the non-exclusive jurisdiction of a New York Court will be sufficient for this purpose).

In the opinion of Torys LLP, there are currently no reasons under the present laws of the Province of Ontario or the federal laws of Canada applicable therein for avoiding recognition of the judgments of New York Courts on the indenture in respect of the notes based upon public policy. However, it may be difficult for holders of the notes to effect service within the United States upon our directors and officers and the experts named in this prospectus supplement and the prospectus who are not residents of the United States. We have designated John Hancock Life Insurance Company (U.S.A.) as our authorized agent upon whom process may be served in a legal action or proceeding against us arising out of or in connection with the indenture.

Based on the opinion of Torys LLP, we believe that a monetary judgment of a United States court predicated solely upon the civil liability provisions of United States federal securities laws would likely be enforceable in Canada if the United States court in which the judgment was obtained had a basis for jurisdiction

[Table of Contents](#)

in the matter that was recognized by a Canadian court for such purposes. It is less certain that an action could be brought in Canada in the first instance on the basis of liability predicated solely upon such laws.

The recognition and enforceability in the Province of Ontario of any such judgment of the New York Court may be limited by applicable Canadian federal and provincial bankruptcy, insolvency, reorganization, arrangement, winding-up or other similar laws generally affecting the enforceability of creditors’ rights.

Under the *Currency Act* (Canada), a court of competent jurisdiction in the Province of Ontario may only award judgment for a sum of money in Canadian currency, and in enforcing a foreign judgment for a sum of money in a foreign currency, a court of competent jurisdiction in the Province of Ontario will render its decision in the Canadian currency equivalent of such foreign currency calculated at the rate of exchange determined in accordance with the *Courts of Justice Act* (Ontario), which rate of exchange may be the rate in existence on a day other than the day of payment of the judgment.

**Governing Law**

The indenture and the notes will be governed by and construed in accordance with the laws of the State of New York.

**Concerning the Trustee**

The trustee under the indenture will have all the duties and responsibilities of an indenture trustee specified in the *Trust Indenture Act of 1939*, as amended. The trustee is not required to expend or risk its own funds or otherwise incur financial liability in performing its duties or exercising its rights and powers if it reasonably believes that it is not reasonably assured of repayment or adequate indemnity.

The trustee acts as depositary for funds of, makes loans to, and performs other services for, us and our subsidiaries in the normal course of business.

**Consent to Jurisdiction and Service**

MFC has designated John Hancock Life Insurance Company (U.S.A.), 601 Congress Street, Boston, Massachusetts 02210, as its authorized agent for service of process in the United States in any suit, action or proceeding with respect to the indenture or the notes.

**Book-Entry; Delivery and Form**

All interests in the notes will be subject to the operations and procedures of DTC, Clearstream Banking, société anonyme, Luxembourg (“Clearstream”), or Euroclear Bank S.A./N.V., as operator of the Euroclear System (“Euroclear”). The descriptions of the operations and procedures of DTC, Clearstream and Euroclear set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to change by them from time to time. We obtained the information in this section and elsewhere in this prospectus supplement concerning DTC, Clearstream and Euroclear and their respective book-entry systems from sources that we believe are reliable, but we take no responsibility for the accuracy of this information.

The notes will be represented by one or more fully registered global security certificates (each a “Global Security”). Each such Global Security will be deposited with, or on behalf of, DTC and registered in the name of a nominee of DTC. Initial settlement for the notes will be made in same day funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the notes. Unless and until it is exchanged in whole or in part for notes in definitive form, no Global Security may be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any such nominee to a successor of DTC or a nominee of such successor.

[Table of Contents](#)

Except under limited circumstances, notes represented by the Global Security will not be exchangeable for, and will not otherwise be issuable as, notes in certificated form. Investors may elect to hold interests in the Global Securities through either DTC (in the United States) or through Clearstream or Euroclear, if they are participants in such systems, or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the depositories' names on the books of DTC. Citibank, N.A. will act as depositary for Clearstream and JPMorgan Chase Bank N.A. will act as depositary for Euroclear.

Beneficial interests in the notes will be represented through book-entry accounts of financial institutions acting on behalf of Beneficial Owners (as defined below) as Direct and Indirect Participants (as defined below) in DTC. So long as DTC, or its nominee, is a registered owner of a Global Security, DTC or its nominee, as the case may be, will be considered the sole owner or holder of notes represented by such Global Security for all purposes under the indenture. Except as provided below, the actual owners of notes represented by a Global Security ("Beneficial Owners") will not be entitled to have the notes represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of notes in definitive form and will not be considered the owners or holders thereof under the indenture.

Accordingly, each person owning a beneficial interest in a Global Security must rely on the procedures of DTC and, if such person is not a participant of DTC (a "Participant") on the procedures of the Participant through which such person owns its interest, to exercise any rights of a holder of notes. Under existing industry practices, in the event that any action is requested of holders of notes or a holder that is an owner of a beneficial interest in a global note desires to take any action that DTC, as the holder of that global note, is entitled to take, DTC would authorize the Participants holding the relevant beneficial interests to give or take such action, and such Participants would authorize Beneficial Owners owning through such Participants to give or take such action or would otherwise act upon the instructions of Beneficial Owners.

The following is based on information furnished by DTC:

DTC will act as securities depositary for the notes. The notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One or more Global Securities will initially represent the notes and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges in Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The rules applicable to DTC and its Participants are on file with the SEC.

[Table of Contents](#)

Purchases of notes under DTC’s system must be made by or through Direct Participants, which will receive a credit for such notes on DTC’s records. The ownership interest of each Beneficial Owner is in turn to be recorded on the records of Direct Participants and Indirect Participants. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participants or Indirect Participants through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the notes, except in the limited circumstances that may be provided in the indenture, as the case may be.

To facilitate subsequent transfers, all notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the notes. DTC’s records reflect only the identity of the Direct Participants to whose accounts such securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the notes unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to MFC as soon as possible after the applicable record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts securities are credited on the applicable record date (identified in a listing attached to the Omnibus Proxy).

Payments on the notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from MFC or the applicable agent, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the trustee or MFC, subject to any statutory or regulatory requirements as may be in effect from time to time. Any payment due to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is MFC’s responsibility or the responsibility of the applicable agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct Participants and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the notes at any time by giving MFC or the applicable agent reasonable notice. Under such circumstances, in the event that a successor securities depository is not obtained, security certificates are required to be printed and delivered in exchange for the Global Securities of each series of notes.

MFC may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, security certificates will be printed and delivered in exchange for the Global Securities of each series of notes.

Clearstream advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participants (“Clearstream Participants”) and facilitates

the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry transfers between their accounts. Clearstream provides Clearstream Participants with, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic securities markets in several countries. Clearstream interfaces with domestic securities markets in several countries through established depository and custodial relationships. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector, also known as the *Commission de Surveillance du Secteur Financier*. Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Clearstream Participants in the U.S. are limited to securities brokers and dealers and banks, and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Clearstream Participants.

Distributions with respect to the notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by DTC for Clearstream.

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear (“Euroclear Participants”) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing, and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., under contract with Euroclear plc, a U.K. corporation. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Distributions with respect to the notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by DTC for Euroclear.

**Global Clearance and Settlement Procedures**

Secondary market trading between the DTC Participants will occur in the ordinary way in accordance with DTC’s rules and will be settled in immediately available funds using DTC’s Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream or Euroclear Participants, on the other, will be effected in DTC in accordance with the DTC rules on behalf of the relevant European international clearing system by DTC in its capacity as U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to DTC to take action to effect final settlement on its behalf by delivering interests in the notes to or receiving interests in the notes from DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to DTC.

[Table of Contents](#)

Because of time-zone differences, credits of interests in the notes received in Clearstream or Euroclear as a result of a transaction with a DTC Participant will be made during subsequent securities settlement processing and will be credited the business day following the DTC settlement date. Such credits or any transactions involving interests in such notes settled during such processing will be reported to the relevant Euroclear or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of interests in the notes by or through a Clearstream Participant or a Euroclear Participant to a DTC Participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time.

## U.S. FEDERAL INCOME TAX CONSIDERATIONS FOR U.S. HOLDERS

The following is a discussion of certain U.S. federal income tax considerations relating to the purchase, ownership and disposition of the notes by U.S. Holders (as defined below) that purchase the notes at their issue price (generally the first price at which a substantial amount of the notes of the applicable series is sold, excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) pursuant to this offering and hold such notes as capital assets. This discussion is based on the *U.S. Internal Revenue Code of 1986*, as amended (the “Code”), U.S. Treasury regulations promulgated or proposed thereunder and administrative and judicial interpretations thereof, all as in effect on the date hereof, and all of which are subject to change, possibly with retroactive effect, or to different interpretation. This discussion does not address all of the U.S. federal income tax considerations that may be relevant to specific U.S. Holders in light of their particular circumstances or to U.S. Holders subject to special treatment under U.S. federal income tax law (such as banks, insurance companies, dealers in securities or other U.S. Holders that generally mark their securities to market for U.S. federal income tax purposes, tax-exempt entities, retirement plans, regulated investment companies, real estate investment trusts, certain former citizens or residents of the United States, U.S. Holders that hold a note as part of a straddle, hedge, conversion or other integrated transaction or U.S. Holders that have a “functional currency” other than the U.S. dollar). This discussion does not address any U.S. state or local or non-U.S. tax considerations or any U.S. federal estate, gift or alternative minimum tax considerations.

As used in this discussion, the term “U.S. Holder” means a beneficial owner of a note that, for U.S. federal income tax purposes, is (i) an individual who is a citizen or resident of the United States, (ii) a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income tax regardless of its source or (iv) a trust (x) with respect to which a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of its substantial decisions or (y) that has in effect a valid election under applicable U.S. Treasury Regulations to be treated as a U.S. person.

If an entity treated as a partnership for U.S. federal income tax purposes invests in a note, the U.S. federal income tax considerations relating to such investment will depend in part upon the status and activities of such entity and the particular partner. Any such entity should consult its own tax advisor regarding the U.S. federal income tax considerations applicable to it and its partners relating to the purchase, ownership and disposition of a note.

EACH PERSON CONSIDERING AN INVESTMENT IN THE NOTES SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. INCOME, ESTATE AND OTHER TAX CONSIDERATIONS RELATING TO THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE NOTES IN LIGHT OF ITS PARTICULAR CIRCUMSTANCES.

### Interest on the Notes

In general, interest payable on a note will be taxable to a U.S. Holder as ordinary interest income when it is received or accrued, in accordance with such U.S. Holder’s regular method of accounting for U.S. federal income tax purposes. The notes are not expected to be issued with more than *de minimis* original issue discount (“OID”). However, if the notes of any series are issued with more than *de minimis* OID, each U.S. Holder of a note of such series generally will be required to include OID in income (as interest) as it accrues, regardless of its regular method of accounting for U.S. federal income tax purposes, using a constant yield method, before such U.S. Holder receives any payment attributable to such income. The remainder of this discussion assumes that the notes are not issued with more than *de minimis* OID.

**Table of Contents**

Interest income on the notes generally will be treated as income from sources outside the United States and generally will be categorized for U.S. foreign tax credit purposes as “passive category income” or, in the case of some U.S. Holders, as “general category income.”

**Sale, Exchange, Retirement or Other Disposition of the Notes**

Upon the sale, exchange, retirement or other disposition of a note, a U.S. Holder generally will recognize gain or loss in an amount equal to the difference between the amount realized on such sale, exchange, retirement or other disposition (other than any amount attributable to accrued interest, which, if not previously included in such U.S. Holder’s income, will be taxable as interest income to such U.S. Holder) and such U.S. Holder’s “adjusted tax basis” in such note. A U.S. Holder’s adjusted tax basis in a note generally will be the amount such U.S. Holder paid for such note. Any gain or loss so recognized generally will be capital gain or loss and will be long-term capital gain or loss if such U.S. Holder has held such note for more than one year at the time of such sale, exchange, retirement or other disposition. Net long-term capital gain of certain non-corporate U.S. Holders generally is subject to preferential rates of tax. The deductibility of capital losses is subject to limitations. Such gain or loss generally will be from sources within the United States.

**Medicare Tax**

In addition to regular U.S. federal income tax, certain U.S. Holders that are individuals, estates or trusts are subject to a 3.8% tax on all or a portion of their “net investment income,” which may include all or a portion of their interest income on a note and net gain from the sale, exchange, retirement or other disposition of a note.

**Information Reporting and Backup Withholding**

Under certain circumstances, information reporting and/or backup withholding may apply to a U.S. Holder with respect to payments of interest on, or proceeds from the sale, exchange, retirement or other disposition of, a note, unless an applicable exemption is satisfied. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules generally will be allowed as a refund or a credit against a U.S. Holder’s U.S. federal income tax liability if the required information is furnished by such U.S. Holder on a timely basis to the IRS.

**Disclosure Requirements for Specified Foreign Financial Assets**

Individual U.S. Holders (and certain U.S. entities specified in U.S. Treasury Department guidance) who, during any taxable year, hold any interest in any “specified foreign financial asset” generally will be required to file with their U.S. federal income tax returns certain information on IRS Form 8938 if the aggregate value of all such assets exceeds certain specified amounts. “Specified foreign financial asset” generally includes any financial account maintained with a non-U.S. financial institution and may also include the notes if they are not held in an account maintained with a financial institution. Substantial penalties may be imposed, and the period of limitations on assessment and collection of U.S. federal income taxes may be extended, in the event of a failure to comply. U.S. Holders should consult their own tax advisors as to the possible application to them of this filing requirement.

**CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS**

The following is, as of the date hereof, a general summary of the principal Canadian federal income tax considerations under the Tax Act generally applicable to a holder of notes who acquires beneficial ownership of the notes pursuant to this prospectus supplement and who, for purposes of the Tax Act and at all relevant times, (i) is not, and is not deemed to be, a resident of Canada, (ii) deals at arm's length with MFC and any person resident in Canada to whom the holder disposes of the notes, (iii) has not and will not use or hold or be deemed to use or hold the notes in, or in the course of, carrying on business in Canada, (iv) is not a "specified shareholder" (as defined in subsection 18(5) of the Tax Act) of MFC or a person who does not deal at arm's length with such specified shareholder, (v) is entitled to receive all payments (including any interest and principal) made on the notes, and (vi) is not an insurer that carries on an insurance business in Canada and elsewhere (a "Non-Resident Holder").

This summary is based on the current provisions of the Tax Act and the regulations thereunder in force at the date of this prospectus supplement, all specific proposals to amend the Tax Act and the regulations thereunder publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof and counsel's understanding of the current administrative policies or assessment practices published in writing by the CRA. There can be no assurance that the proposed amendments will be implemented in their current form or at all. This summary does not otherwise take into account or anticipate any changes of law or practice, whether by judicial, governmental or legislative decision or action or changes in the administrative policies or assessment practices of the CRA, nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction, which may differ significantly from those discussed herein.

**This summary is of a general nature only and is not, and is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder and no representations with respect to the income tax consequences to any particular holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Prospective purchasers should consult their own tax advisors for advice with respect to the tax consequences in their particular circumstances.**

Interest or principal paid or credited by MFC on the notes to a Non-Resident Holder will not be subject to Canadian withholding tax. No other Canadian taxes on income (including capital gains) will be payable by a Non-Resident Holder in respect of the holding, redemption or disposition of the notes.

In the underwriting agreement, the underwriters have severally agreed, subject to the terms and conditions set forth therein, to purchase all the notes offered hereby if any of the notes are purchased. In the event of default by an underwriter, the underwriting agreement provides that, in certain circumstances, purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated. The obligations of the underwriters under the underwriting agreement may also be terminated upon the occurrence of certain stated events, including: a suspension in trading on certain stock exchanges generally or in the trading of any of Manulife's securities or a disruption in securities settlement, payment or clearance services in the United States or Canada; a moratorium on commercial banking activities in the United States, Canada, New York or Ontario; or any hostilities, crisis or any change in financial markets that in the judgment of the underwriters is material and adverse and makes it impracticable or inadvisable to proceed with the offer, sale or delivery of the notes.

MFC has agreed to severally indemnify the underwriters against certain liabilities, including liabilities under the *Securities Act of 1933*, as amended, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

**Commissions and Discounts**

The representatives have advised us that the underwriters propose initially to offer the notes to the public at the public offering price set forth on the cover of this prospectus supplement and to certain dealers at that price less a concession not in excess of 0.300% of the principal amount of the 2026 notes and 0.550% of the principal amount of the 2046 notes. The underwriters may allow, and such dealers may reallow, a discount not in excess of 0.200% of the principal amount of the 2026 notes and of 0.350% of the principal amount of the 2046 notes on

**Table of Contents**

sales to certain other dealers. After the initial public offering, the public offering price, concession and discount may be changed by the underwriters. The initial public offering price of the notes was determined by negotiation between MFC and the underwriters.

The expenses of the offering, not including the underwriting commission, are estimated to be approximately US\$0.8 million and are payable by MFC.

**No Sales of Similar Securities**

Manulife Financial Corporation has agreed not to, prior to the closing of this offering, offer, sell, contract to sell, or otherwise dispose of in the United States any of its debt securities which mature more than one year after the closing of this offering, or publicly announce an intention to effect such transaction, without the prior written consent of the representatives of the underwriters.

**New Issue of Notes**

Each of the 2026 notes and the 2046 notes is a new issue of securities with no established trading market. We do not intend to apply for listing of either series of notes on any national securities exchange or for quotation of either series of notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in both series of notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for either series of notes or that an active public market for either series of notes will develop. If an active public trading market for either series of notes does not develop, the market price and liquidity of the notes of that series may be adversely affected.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters or their affiliates have performed certain investment banking, commercial banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business. Also, certain of the underwriters are affiliates of banks which are lenders to us and to which we currently are indebted. As a consequence of their participation in the offering, the underwriters affiliated with such banks will be entitled to share in the underwriting commission relating to the offering of the notes. The decision to distribute the notes hereunder and the determination of the terms of the offering were made through negotiations between us and the underwriters. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities or instruments of MFC. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

**Price Stabilization and Short Positions**

In connection with the offering, the underwriters are permitted to engage in transactions that stabilize the market price of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If the underwriters create a short position in the notes in connection with the offering (*i.e.*, if they sell more notes than are on the cover page of this prospectus supplement), the underwriters may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases.

Neither we nor any of the underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters makes any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

## OFFERING RESTRICTIONS

The notes are offered for sale in those jurisdictions in the United States, Asia, Europe and elsewhere where it is lawful to make such offers. No action has been taken, or will be taken, which would permit a public offering of the notes in any jurisdiction outside the United States.

Each of the underwriters has severally represented and agreed that it has not offered, sold or delivered and it will not offer, sell or deliver, directly or indirectly, any of the notes, in or from any jurisdiction except under circumstances that are reasonably designed to result in compliance with the applicable laws and regulations thereof. Standard Chartered Bank will not effect any offers or sales of any notes in the United States unless it is through one or more U.S. registered broker-dealers as permitted by the regulations of the Financial Industry Regulatory Authority (FINRA).

This prospectus supplement does not constitute an offer of the notes, directly or indirectly, in Canada or to residents of Canada. Each underwriter has represented and agreed that it has not offered or sold, directly or indirectly, and will not, directly or indirectly, offer, sell or deliver, any of the notes in or from Canada or to any resident of Canada without the consent of MFC. Each underwriter has also agreed that it will include a comparable provision in any sub-underwriting, banking group or selling group agreement or similar arrangement with respect to the notes that may be entered into by such underwriter.

### United States of America

The notes may not be acquired or held by any person who is an employee benefit plan or other plan or arrangement subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), or Section 4975 of the Code, or who is acting on behalf of or investing the assets of any such plan or arrangement, unless the acquisition and holding of the notes by such person will not result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code.

### European Economic Area

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a “relevant member state”), each underwriter represents that it has not made and will not make an offer of the notes to the public in that relevant member state prior to the publication of a prospectus in relation to the notes that has been approved by the competent authority in that relevant member state and published in accordance with the Prospectus Directive as implemented in the relevant member state or, where appropriate, approved in another relevant member state and notified to the competent authority in that relevant member state, all in accordance with the Prospectus Directive, except that, with effect from and including the relevant implementation date, an offer of notes may be made to the public in that relevant member state at any time under the following exemptions under the Prospectus Directive (as defined below), if they have been implemented in that relevant member state:

- to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the joint book-running managers for any such offer; or
- in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of notes shall result in a requirement for the publication by us or any underwriter of a prospectus pursuant to Article 3 of the Prospectus Directive or a supplement to a prospectus pursuant to Article 16 of the Prospectus Directive.

Each purchaser of notes described in this prospectus supplement located within a relevant member state will be deemed to have represented, acknowledged and agreed that it is a “qualified investor” within the meaning of Article 2(1)(e) of the Prospectus Directive.

**Table of Contents**

For the purposes of this notice, the expression an “offer of the notes to the public” in relation to any notes in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe to purchase the notes, as the same may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and references to the “Prospectus Directive” means Directive 2003/71/EC (and any amendments thereto), and includes any relevant implementing measure in each relevant member state.

The sellers of the notes have not authorized and do not authorize the making of any offer of the notes through any financial intermediary on their behalf, other than offers made by the underwriters with a view to the final placement of the notes as contemplated in this prospectus supplement.

Accordingly, no purchaser of the notes, other than the underwriters, is authorized to make any further offer of the notes on behalf of the sellers or the underwriters.

**WHERE YOU CAN FIND MORE INFORMATION**

We have filed with the SEC, under the *United States Securities Act of 1933*, as amended, which we refer to as the Securities Act, a registration statement on Form F-10 relating to the Securities. This prospectus, which constitutes a part of the registration statement, does not contain all of the information contained in the registration statement, certain items of which are contained in other parts of and in the exhibits to the registration statement as permitted by the rules and regulations of the SEC. Statements included or incorporated by reference in this prospectus about the contents of any contract, agreement or other document referred to are not necessarily complete, and in each instance, prospective investors should refer to the exhibits for a complete description of the matter involved. Under the registration statement, we may, from time to time, sell any combination of the Securities described in this prospectus in one or more offerings up to an aggregate principal amount of US\$5,000,000,000 (or the equivalent in other currencies or currency units) or, if any Debt Securities are issued at an original issue discount, such greater amount as shall result in an aggregate issue price of US\$5,000,000,000 (or the equivalent in other currencies or currency units). Each time we sell Securities under the registration statement, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus.

We file annual and quarterly financial information and material change reports and other material with the securities regulatory authorities in each of the provinces and territories of Canada and with the SEC. Under the multijurisdictional disclosure system adopted by the United States, documents and other information that we file with the SEC may be prepared in accordance with the disclosure requirements of Canada, which are different from those of the United States. Prospective investors may read and download any public document that we have filed with the securities regulatory authorities in each of the provinces and territories of Canada on SEDAR at [www.sedar.com](http://www.sedar.com). Prospective investors may read and copy any document we have filed with the SEC at the SEC's public reference room in Washington D.C., and may also obtain copies of those documents from the public reference room of the SEC at 100 F Street, N.E., Washington, D.C. 20549 by paying a fee. Additionally, prospective investors may read and download some of the documents MFC has filed on EDGAR at [www.sec.gov](http://www.sec.gov).

**ENFORCEABILITY OF CIVIL LIABILITIES**

MFC is a corporation incorporated under and governed by the ICA. Most of our directors and officers, and certain of the experts named in this prospectus are Canadian residents, and a significant portion of our assets are located outside of the United States. It may be difficult for holders of securities to effect service within the United States upon our directors and officers and the experts named in this prospectus who are not residents of the United States or to enforce against them, both in and outside of the United States, judgments of courts of the United States predicated upon civil liability under United States federal securities laws. We believe that a monetary judgment of a United States court predicated solely upon civil liability under United States federal securities laws would likely be enforceable in Canada if the United States court in which the judgment was obtained had a basis for jurisdiction in the matter that was recognized by a Canadian court for such purposes. We cannot assure you that this will be the case. It is less certain that an action could be brought in Canada in the first instance on the basis of liability predicated solely upon such laws.

**MANULIFE FINANCIAL CORPORATION**

MFC is a life insurance company incorporated under the ICA. MFC was incorporated on April 26, 1999 for the purpose of becoming the publicly traded holding company of MLI following its demutualization. MLI was incorporated on June 23, 1887, by a Special Act of Parliament of the Dominion of Canada. Pursuant to the provisions of the *Canadian and British Insurance Companies Act* (Canada), the predecessor legislation to the ICA, MLI undertook a plan of mutualization and became a mutual life insurance company on December 19, 1968. As a mutual life insurance company, MLI had no common shareholders and its Board of Directors was elected by its participating policyholders in accordance with the ICA. Pursuant to Letters Patent of Conversion, effective September 23, 1999, MLI implemented a plan of demutualization under the ICA and converted to a life insurance company with common shares and became a wholly owned subsidiary of MFC.

We are a leading provider of financial protection and wealth management products and services in the markets in which we operate, including individual life insurance, group life and health insurance, long-term care insurance, pension products, annuities and mutual funds. These services are provided to individual and group customers in Asia, Canada and the United States. We also provide investment management services with respect to our general fund assets, segregated fund assets, mutual funds, and to institutional customers. We also offer specialized property and aviation retrocession products.

As at September 30, 2015, Manulife had approximately 33,000 employees and operated in more than 20 countries and territories. Our business is organized into three major operating divisions: Asia Division, Canadian Division and U.S. Division. In addition, asset management services are provided by our Investment Division, operating as Manulife Asset Management. Each division has profit and loss responsibility and develops products, services, distribution and marketing strategies based on the profile of its business and the needs of its market. The external asset management business of the Investment Division and the property and casualty reinsurance business line are both reported under the Corporate and Other reporting segment.

preference over the Class B Shares, the Common Shares and any other shares ranking junior to the Class A Shares with respect to priority in payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding-up of MFC, whether voluntary or involuntary, or any other distribution of the assets of MFC among its shareholders for the specific purpose of winding up its affairs. If any cumulative dividends, whether or not declared, or declared non-cumulative dividends or amounts payable on return of capital are not paid in full in respect of any series of Class A Shares, the Class A Shares of all series shall participate rateably in respect of such dividends in accordance with the sums that would be payable on such shares if all such dividends were declared and paid in full, and in respect of such return of capital in accordance with the sums that would be payable on such return of capital if all sums so payable were paid in full; provided, however, that if there are insufficient assets to satisfy in full all such claims as aforesaid, the claims of the holders of the Class A Shares with respect to return of capital shall be paid and satisfied first and any assets remaining thereafter shall be applied towards the payment and satisfaction of claims in respect of dividends. The Class A Shares of any series may also be given such other preferences not inconsistent with the rights, privileges, restrictions and conditions attached to the Class A Shares as a class over the Class B Shares, the Common Shares and any other shares ranking junior to the Class A Shares as may be determined in the case of such series of Class A Shares.

**Certain Provisions of the Class B Shares as a Class**

The following is a summary of certain provisions attaching to the Class B Shares as a class.

***Priority***

Each series of Class B Shares ranks on a parity with every other series of Class B Shares with respect to dividends and return of capital. The Class B Shares shall rank junior to the Class A Shares and the Class 1 Shares with respect to priority in payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding up of MFC, whether voluntary or involuntary, or any other distribution of the assets of MFC among its shareholders for the specific purpose of winding up its affairs, but the Class B Shares shall be entitled to a preference over the Common Shares and any other shares ranking junior to the Class B Shares with respect to priority in payment of dividends and the distribution of assets in the event of the liquidation, dissolution or winding up of MFC, whether voluntary or involuntary, or any other distribution of the assets of MFC among its shareholders for the specific purpose of winding up its affairs. If any cumulative dividends, whether or not declared, or declared non-cumulative dividends or amounts payable on return of capital are not paid in full in respect of any series of Class B Shares, the Class B Shares of all series shall participate rateably in respect of such dividends in accordance with the sums that would be payable on such shares if all such dividends were declared and paid in full, and in respect of such return of capital in accordance with the sums that would be payable on such return of capital if all sums so payable were paid in full; provided, however, that if there are insufficient assets to satisfy in full all such claims as aforesaid, the claims of the holders of the Class B Shares with respect to return of capital shall be paid and satisfied first and any assets remaining thereafter shall be applied towards the payment and satisfaction of claims in respect of dividends. The Class B Shares of any series may also be given such other preferences not inconsistent with the rights, privileges, restrictions and conditions attached to the Class B Shares as a class over the Common Shares and any other shares ranking junior to the Class B Shares as may be determined in the case of such series of Class B Shares.

**Certain Provisions of the Class 1 Shares as a Class**

The following is a summary of certain provisions attaching to the Class 1 Shares as a class.

If any cumulative dividends, whether or not declared, or declared non-cumulative dividends or amounts payable on return of capital are not paid in full in respect of any series of Class 1 Shares, the Class 1 Shares of all series shall participate rateably in respect of such dividends in accordance with the sums that would be payable on such shares if all such dividends were declared and paid in full, and in respect of such return of capital in accordance with the sums that would be payable on such return of capital if all sums so payable were paid in full; provided, however, that if there are insufficient assets to satisfy in full all such claims as aforesaid, the claims of the holders of the Class 1 Shares with respect to return of capital shall be paid and satisfied first and any assets remaining thereafter shall be applied towards the payment and satisfaction of claims in respect of dividends. The Class 1 Shares of any series may also be given such other preferences not inconsistent with the rights, privileges, restrictions and conditions attached to the Class 1 Shares as a class over the Class B Shares, the Common Shares and any other shares ranking junior to the Class 1 Shares as may be determined in the case of such series of Class 1 Shares.

**Certain Provisions Common to the Class A Shares, Class B Shares and Class 1 Shares**

The following is a summary of certain provisions attaching to the Class A Shares as a class, to the Class B Shares as a class and to the Class 1 Shares as a class.

***Directors’ Right to Issue in One or More Series***

The Class A Shares, Class B Shares and Class 1 Shares may be issued at any time and from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of MFC shall fix the number of shares that will form such series, if any, and shall, subject to any limitations set out in the by-laws of MFC or in the ICA, determine the designation, rights, privileges, restrictions and conditions to be attached to the Class A Shares, Class B Shares or Class 1 Shares, as the case may be, of such series, the whole subject to the filing with the Superintendent of Financial Institutions (Canada), which we refer to as the Superintendent, of the particulars of such series, including the rights, privileges, restrictions and conditions determined by the Board of Directors of MFC.

***Voting Rights of Preferred Shares***

Except as referred to below or as required by law or as specified in the rights, privileges, restrictions and conditions attached from time to time to any series of Class A Shares, Class B Shares or Class 1 Shares, the holders of such Class A Shares, Class B Shares or Class 1 Shares as a class shall not be entitled as such to receive notice of, to attend or to vote at any meeting of the shareholders of MFC.

***Amendment with Approval of Holders of Preferred Shares***

The rights, privileges, restrictions and conditions attached to each of the Class A Shares, Class B Shares and Class 1 Shares as a class may be added to, changed or removed but only with the approval of the holders of such class of Preferred Shares given as hereinafter specified.

***Approval of Holders of Preferred Shares***

The approval of the holders of a class of Preferred Shares to add to, change or remove any right, privilege, restriction or condition attaching to such class of Preferred Shares as a class or in respect of any other matter requiring the consent of the holders of such class of Preferred Shares may be given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by all the holders of such class of Preferred Shares or passed by the affirmative vote of at least two-thirds (2/3) of the votes cast at a meeting of the holders of such class of Preferred Shares duly called for that purpose.

**Table of Contents**

Notwithstanding any other condition or provision of any class of Preferred Shares, the approval of the holders of any class, voting separately as a class or series, is not required on a proposal to amend the by-laws of MFC to:

- (i) increase or decrease the maximum number of authorized Class A Shares, Class B Shares or Class 1 Shares, as the case may be, or increase the maximum number of authorized shares of a class of shares having rights or privileges equal or superior to such class of Preferred Shares;
- (ii) effect the exchange, reclassification or cancellation of all or any part of the Class A Shares, Class B Shares or Class 1 Shares, as the case may be; or
- (iii) create a new class of shares equal to or superior to the Class A Shares, the Class B Shares or the Class 1 Shares, as the case may be.

The formalities to be observed with respect to the giving of notice of any such meeting or any adjourned meeting, the quorum required therefor and the conduct thereof shall be those from time to time required by the ICA as in force at the time of the meeting and those, if any, prescribed by the by-laws or the administrative resolutions of MFC with respect to meetings of shareholders. On every poll taken at every meeting of the holders of a class of Preferred Shares as a class, or at any joint meeting of the holders of two or more series of a class of Preferred Shares, each holder of such class of Preferred Shares entitled to vote thereat shall have one vote in respect of each relevant Preferred Share held.

***Certain Provisions of the Common Shares as a Class***

The authorized common share capital of MFC consists of an unlimited number of Common Shares without nominal or par value. Each holder of Common Shares is entitled to receive notice of and to attend all meetings of the shareholders of MFC, and is entitled to one vote for each share held, except meetings at which only holders of a specified class or series of shares of MFC are entitled to vote separately as a class or series. The holders of Common Shares are entitled to receive dividends as and when declared by the Board of Directors of MFC, subject to the preference of the holders of Class A Shares, Class B Shares, Class 1 Shares and any other shares ranking senior to the Common Shares with respect to priority in payment of dividends. After payment to the holders of Class A Shares, Class B Shares, Class 1 Shares and any other shares ranking senior to Common Shares with respect to priority in the distribution of assets in the event of the liquidation, dissolution or winding up of MFC, the holders of Common Shares shall be entitled to receive prorated the net assets of MFC remaining, after the payment of all creditors and liquidation preferences, if any, that pertain to shareholders.

**DESCRIPTION OF DEBT SECURITIES**

The following sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of Debt Securities offered pursuant to this prospectus will be set forth in the applicable prospectus supplement, and the extent to which the general terms and provisions described below may apply to such Debt Securities, will be described in the prospectus supplement.

Senior Debt Securities will be issued in Canada under the trust indenture dated as of May 19, 2005, as supplemented from time to time, between MFC and CIBC Mellon Trust Company as trustee, or such other trust indenture as MFC may enter into in the future. Subordinated Debt Securities will be issued in Canada under a trust indenture MFC may enter into in the future with a financial institution authorized to carry on business as a trustee. Senior Debt Securities will be issued in the United States under the trust indenture dated as of September 17, 2010 between MFC and The Bank of New York Mellon as trustee. The indenture under which any Debt Securities are issued will be specified in the applicable prospectus supplement.

**Priority**

The Debt Securities will be senior or subordinated indebtedness of MFC as described in the relevant prospectus supplement. If the Debt Securities are senior indebtedness for purposes of the ICA, they will rank equally and rateably with all other unsecured indebtedness of MFC, from time to time issued and outstanding, which is not subordinated.

If the Debt Securities are subordinated indebtedness for the purposes of the ICA, they will rank equally and rateably with all other subordinated indebtedness of MFC from time to time issued and outstanding. In the event of the insolvency or winding-up of MFC, the subordinated indebtedness of MFC, including the subordinated Debt Securities, will be subordinated and postponed in right of payment to the prior payment in full of: (i) all policy liabilities of MFC; and (ii) all other liabilities and indebtedness of MFC, other than indebtedness that, by its terms, ranks equally with or subordinate to such subordinated indebtedness.

**The Debt Securities are Unsecured Obligations**

The Debt Securities will be direct unsecured obligations of MFC. ***The Debt Securities will not constitute deposits that are insured under the CDIC Act or by the FDIC.***

MFC is a holding company that relies on dividends and interest payments from its insurance and other subsidiaries as the principal source of cash flow to meet its obligations and pay dividends. As a result, MFC's cash flows and ability to service its obligations are dependent upon the earnings of its subsidiaries and the distribution of those earnings and other funds by its subsidiaries to MFC. Substantially all of MFC's business is currently conducted through its subsidiaries, and MFC expects this to continue.

MLI is MFC's principal operating subsidiary. The payment of dividends to MFC by MLI is subject to restrictions set out in the ICA. The ICA prohibits the declaration or payment of any dividend on shares of an insurance company if there are reasonable grounds for believing: (i) the company does not have adequate capital and adequate and appropriate forms of liquidity; or (ii) the declaration or the payment of the dividend would cause the company to be in contravention of any regulation made under the ICA respecting the maintenance of adequate capital and adequate and appropriate forms of liquidity, or of any direction made to the company by the Superintendent. All of our U.S. and Asian operating life insurance companies are subsidiaries of MLI. Accordingly, a restriction on dividends from MLI would prevent MFC from obtaining dividends from its U.S. and Asian insurance businesses.

Certain of MFC's U.S. insurance subsidiaries also are subject to insurance laws in Michigan, New York, Massachusetts, and Vermont, the jurisdictions in which these subsidiaries are domiciled, which impose general limitations on the payment of dividends and other upstream distributions by these subsidiaries to MLI. Our Asian insurance subsidiaries are also subject to restrictions in the jurisdictions in which these subsidiaries are domiciled which could affect their ability to pay dividends to MLI in certain circumstances. Accordingly, the Debt Securities will be effectively subordinated to all existing and future liabilities of our subsidiaries, and holders of Debt Securities should rely only on MFC's assets for payments on the Debt Securities.

In addition, the payment of other upstream distributions by our insurance subsidiaries is limited under the insurance company laws in the jurisdictions where those subsidiaries are domiciled and in which they conduct operations. Limits on the ability of our insurance subsidiaries to pay dividends or make distributions could have a material adverse effect on MFC's liquidity, including its ability to pay dividends to shareholders and service its debt.

No charge will be made to the holder for any such exchange or transfer except for any tax or government charge incidental thereto.

There may be other provisions in the indenture which are also important to you. You should read the indenture for a full description of the terms of the Debt Securities. In the case of Share Purchase Contracts which obligate the holders to purchase Securities from us, the holders will not have any of the rights of holders of the Securities to be purchased pursuant to the Share Purchase Contracts until the completion of the purchase of those Securities by the relevant holder in accordance with the terms of the Share Purchase Contract.

**DESCRIPTION OF UNITS**

The following sets forth certain general terms and provisions of the Units. We may issue Units comprised of one or more of the other Securities described in this prospectus in any combination. Each Unit will be issued so that the holder of the Unit is also the holder of each Security included in the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each included Security. The unit agreement under which a Unit is issued may provide that the Securities included in the Unit may not be held or transferred separately, at any time or at any time before a specified date.

Any prospectus supplement for Units supplementing this prospectus will contain the terms and other information with respect to the Units being offered thereby, including:

- the designation and terms of the Units and of the Securities comprising the Units, including whether and under what circumstances those Securities may be held or transferred separately;
- any provisions for the issuance, payment, settlement, transfer or exchange of the Units or of the Securities comprising the Units;
- whether the Units will be issued in fully registered or global form;
- any other specific terms.

The prospectus supplement will describe the terms of any Units. The preceding description and any description of Units in the applicable prospectus supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the unit agreement and, if applicable, collateral arrangements and depository arrangements relating to such Units.

**ICA RESTRICTIONS AND APPROVALS**

Under the ICA, MFC, with the prior consent of the Superintendent, may redeem or purchase any of its shares, including the Preferred Shares or Common Shares, as the case may be, unless there are reasonable grounds for believing that MFC is, or the redemption or purchase would cause MFC to be, in contravention of any regulation or guidelines made under the ICA respecting the maintenance by life insurance companies of adequate capital and adequate and appropriate forms of liquidity, or any direction to MFC made by the Superintendent pursuant to subsection 515(3) of the ICA regarding its capital or its liquidity. No such direction to MFC has been made to date. MFC is also prohibited under the ICA from paying or declaring a dividend if there are reasonable grounds for believing that MFC is, or the payment would cause MFC to be, in contravention of any regulation made under the ICA representing the maintenance by life insurance companies of adequate capital and adequate and appropriate forms of liquidity, or any direction to MFC made by the Superintendent pursuant to subsection 515(3) of the ICA regarding its capital or its liquidity. As of the date hereof, this limitation would not restrict a payment of quarterly dividends on the Preferred Shares or Common Shares, and no such direction to MFC has been made. In addition, MFC must provide at least 15 days' prior notice to the Superintendent before paying any dividends.

**CONSTRAINTS ON SHARES**

The ICA contains restrictions on the purchase or other acquisition, issue, transfer and voting of the shares of MFC. Pursuant to these restrictions, no person is permitted to acquire any shares of MFC if the acquisition would cause the person to have a “significant interest” in any class of shares of MFC unless the prior approval of the Minister of Finance is obtained. The restrictions also prohibit any person from becoming a “major shareholder” of MFC. In addition, MFC is not permitted to record in its securities register any transfer or issue of shares if the transfer or issue would cause the person to breach the ownership restrictions. For these purposes, a person has a significant interest in a class of shares of MFC where the aggregate of any shares of that class beneficially owned by that person, any entity controlled by that person and by any person associated or acting jointly or in concert with that person exceeds 10% of all the outstanding shares of that class of shares of MFC. A person is a major shareholder if the aggregate of any shares in a class of voting shares held by that person and by any entity controlled by that person exceeds 20% of the outstanding shares of that class, or, for a class of non-voting shares, a holding exceeds 30% of that class. If a person contravenes any of these restrictions, the Minister of Finance may, by order, direct such person to dispose of all or any portion of those shares. In addition, the ICA prohibits life insurance companies, including MFC, from recording in its securities register a transfer or issue of any share to Her Majesty in right of Canada or of a province, an agent or agency of Her Majesty, a foreign government or an agent or agency of a foreign government and provides further that no person may exercise the voting rights attached to those shares of an insurance company. The ICA exempts from such constraints certain foreign financial institutions which are controlled by foreign governments and eligible agents provided certain conditions are satisfied.

Under applicable insurance laws and regulations in Michigan, New York, Massachusetts, and Vermont, no person may acquire control of any of our insurance company subsidiaries domiciled in any such state without obtaining prior approval of such state’s insurance regulatory authority. Under applicable laws and regulations, any person acquiring, directly or indirectly, 10% or more of the voting securities of any other person is presumed to have acquired “control” of such person. Thus, any person seeking to acquire 10% or more of the voting securities of MFC must obtain the prior approval of the insurance regulatory authorities in certain states including Michigan, Massachusetts, Vermont and New York, or must demonstrate to the relevant insurance commissioner’s satisfaction that the acquisition of such securities will not give them control of MFC. Under U.S. law, the failure to obtain such prior approval would entitle MFC or the insurance regulatory authorities to seek injunctive relief, including enjoining any proposed acquisition, the voting of such securities at any meeting of the holders of Common Shares, or seizing shares owned by such person, and such shares may not be entitled to be voted at any meeting of the holders of Common Shares.

**ADDITIONAL RESTRICTIONS ON DECLARATION OF DIVIDENDS**

Pursuant to an agreement made between MFC, MLI, CIBC Mellon Trust Company and Manulife Financial Capital Trust II (a subsidiary of MLI), which we refer to as the Trust II, MFC and MLI have covenanted for the benefit of holders of the outstanding Manulife Financial Capital Trust II Notes – Series I, which we refer to as the Trust II Notes, that, if an “Other Deferral Event” as defined in the applicable agreement occurs, MLI will not declare or pay cash dividends on any MLI Public Preferred Shares (as defined below), if any are outstanding, and if no MLI Public Preferred Shares are outstanding, MFC will not declare or pay cash dividends on its Preferred Shares and Common Shares, in each case, until the sixth month following the relevant Other Deferral Event date. An Other Deferral Event will occur if interest is not paid in full in cash on the Trust II Notes on any interest payment date or if MLI elects that holders of Trust II Notes invest interest payable on the Trust II Notes on any interest payment date in a new series of MLI Class 1 Shares. “MLI Public Preferred Shares” means, at any time, preferred shares of MLI which at that time: (a) have been issued to the public (excluding any preferred shares of MLI held beneficially by affiliates of MLI); (b) are listed on a recognized stock exchange; and (c) have an aggregate liquidation entitlement of at least \$200 million, provided however, if at any time, there is more than one class of MLI Public Preferred Shares outstanding, then the most senior class or classes of outstanding MLI Public Preferred Shares shall, for all purposes, be the MLI Public Preferred Shares.

**PLAN OF DISTRIBUTION**

We may sell the Securities:

- through underwriters or dealers;
- directly to one or more purchasers pursuant to applicable statutory exemptions; or
- through agents.

The Securities may be sold at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the specified Securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities. The prospectus supplement for any of the Securities being offered thereby will set forth the terms of the offering of such Securities, including the type of Security being offered, the name or names of any underwriters or agents, the purchase price of such Securities, the proceeds from such sale, any underwriting discounts and other items constituting underwriters' compensation, any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers. Only underwriters so named in the prospectus supplement are deemed to be underwriters in connection with the Securities offered thereby.

If underwriters are used in the sale, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase such Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities of the series offered by the prospectus supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

The Securities may also be sold directly by us at such prices and upon such terms as agreed to by us and the purchaser or through agents designated from time to time. Any agent involved in the offering and sale of the Securities in respect of which this prospectus is delivered will be named, and any commissions payable to such agent will be set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent would be acting on a best efforts basis for the period of its appointment.

We may agree to pay the underwriters, dealers or agents a commission for various services relating to the issue and sale of any Securities offered hereby. Any such commission will be paid out of our general corporate funds. Underwriters, dealers or agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof.

In connection with any offering of the Securities, the underwriters, dealers or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a higher level than that which might exist in the open market. These transactions may be commenced, interrupted or discontinued at any time.

**USE OF PROCEEDS**

Unless otherwise specified in a prospectus supplement, the net proceeds from the sale of the Securities will be used for general corporate purposes.
