RISK FACTORS

You should carefully consider the following risk factors, the risk factors described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2017 as well as the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before making an investment decision. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

The notes will be effectively subordinated to the existing and future liabilities of our subsidiaries.

The notes will be our senior unsecured obligations and will rank equal in right of payment to our other senior unsecured obligations from time to time outstanding. The notes are not secured by any of our assets. Any future claims of secured lenders with respect to assets securing their loans will be prior to any claim of the holders of the notes with respect to those assets. As of September 30, 2018, we had \$7.3 billion in aggregate principal amount of long-term debt, including current maturities, and no material secured indebtedness.

Our subsidiaries are separate and distinct legal entities from us. Our subsidiaries have no obligation to pay any amounts due on the notes or to provide us with funds to meet our payment obligations on the notes, whether in the form of dividends, distributions, loans or other payments. In addition, any payment of dividends, loans or advances by our subsidiaries could be subject to statutory or contractual restrictions. Payments to us by our subsidiaries will also be contingent upon the subsidiaries' earnings and business considerations. Our right to receive any assets of any of our subsidiaries upon their bankruptcy, liquidation or reorganization, and therefore the right of the holders of the notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors. In addition, even if we are a creditor of any of our subsidiaries, our right as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any indebtedness of our subsidiaries senior to that held by us.

The indenture does not restrict the amount of additional debt that we may incur.

The notes and indenture under which the notes will be issued do not place any limitation on the amount of debt that may be incurred by us. Our incurrence of additional debt may have important consequences for you as a holder of the notes, including making it more difficult for us to satisfy our obligations with respect to the notes and a loss in the trading value of your notes, if any.

If active trading markets do not develop for the notes, you may be unable to sell your notes or to sell your notes at the prices that you deem sufficient.

Each series of notes is a new issue of securities for which there currently is no established trading market. We do not intend to list either series of notes on a national securities exchange. While the underwriters of the notes have advised us that they intend to make a market in the notes of each series, the underwriters will not be obligated to do so and may stop their market-making at any time. No assurance can be given:

- that markets for the notes will develop or continue;
- as to the liquidity of any market that does develop; or
- as to your ability to sell any notes that you may own or the prices at which you may be able to sell your notes.

Our credit ratings may not reflect all risks of your investments in the notes.

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the notes.

[Table of Contents](#)

These credit ratings may not reflect the potential impact of risks relating to structure or marketing of the notes. Agency ratings are not a recommendation to buy, sell or hold any security and may be revised or withdrawn at any time by the issuing organization. Each agency’s rating should be evaluated independently of any other agency’s rating.

We may not be able to repurchase the notes upon a Change of Control Triggering Event.

Upon the occurrence of specific kinds of Change of Control events with respect to either series of notes, unless we have exercised our right to redeem such notes, each holder of the notes of such series will have the right to require us to repurchase all or any part of that holder’s notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to, but excluding, the date of repurchase. If we experience a Change of Control Triggering Event, there can be no assurance that we would have sufficient financial resources available to satisfy our obligations to repurchase either series of notes. Our failure to repurchase either series of notes as required under the indenture governing such notes would result in a default under such notes, which could have material adverse consequences for us and the holders of such notes. See “Description of the Notes—Change of Control.”

USE OF PROCEEDS

We expect the net proceeds to us from the sale of the notes to be approximately \$984,904,000, after deducting the underwriting discount and commissions and our estimated offering expenses. We intend to use the net proceeds from the sale of the notes for general corporate purposes, including to repay a portion of our outstanding commercial paper indebtedness. At September 30, 2018, our outstanding commercial paper indebtedness was \$0.4 billion, had a weighted average interest rate of 2.2% and a weighted average maturity of 4 days.

As described above, net proceeds from this offering will be used to repay outstanding commercial paper. One or more of the underwriters participating in this offering and/or their affiliates may hold positions in our commercial paper and one or more of the underwriters may act as dealers under our commercial paper programs. To the extent that net proceeds from this offering are applied to repay our commercial paper held by any of the underwriters or their affiliates, they will receive proceeds of this offering through the repayment of that commercial paper. If 5% or more of the net proceeds of this offering (not including the underwriting discount) is used to repay our outstanding commercial paper held by at least one of the underwriters or their affiliates, this offering will be conducted in accordance with FINRA Rule 5121. In such event, such underwriter or underwriters will not confirm sales of the notes to accounts over which they exercise discretionary authority without the prior written approval of the customer. See “Underwriting (Conflicts of Interest)—Conflicts of Interest.”

DESCRIPTION OF THE NOTES

The following description of the particular terms of the notes supplements the description of the general terms and provisions of the “debt securities” set forth in the accompanying prospectus, to which reference is made. References to “we,” “us,” “our” the “Company” and “ADM” in this section are only to Archer-Daniels-Midland Company and not to its subsidiaries.

The notes will be issued under an indenture (the “indenture”) dated as of October 16, 2012, between us and The Bank of New York Mellon, as trustee (the “trustee”). We have summarized certain terms and provisions of the indenture and the notes in this section and in “Description of Debt Securities” in the accompanying prospectus. We have also incorporated by reference the indenture as an exhibit to the registration statement of which the accompanying prospectus forms a part. You should read the indenture for additional information before you purchase any notes.

The following summary of certain provisions of the indenture and the notes does not purport to be complete and is subject to, and is qualified by reference to, all provisions of the indenture and the notes, including the definitions therein of certain terms. Whenever particular provisions of or terms defined in the indenture are referred to, such provisions and defined terms are incorporated by reference as part of the statement made.

General

The notes will be our senior unsecured obligations and will rank equally in right of payment with all of our other senior unsecured obligations from time to time outstanding. The notes are not secured by any of our assets. Any future claims of secured lenders with respect to assets securing their loans will be prior to any claim of the holders of the notes with respect to those assets. The notes will be effectively subordinated to all liabilities of our subsidiaries, including trade payables. Since we conduct many of our operations through our subsidiaries, our right to participate in any distribution of the assets of a subsidiary when it winds up its business is subject to the prior claims of the creditors of the subsidiary. This means that your right as a holder of our notes will also be subject to the prior claims of these creditors if a subsidiary liquidates or reorganizes or otherwise winds up its business. Unless we are considered a direct creditor of the subsidiary, your claims will be recognized behind these creditors.

The 2022 notes will initially be limited to \$400,000,000 aggregate principal amount and the 2049 notes will initially be limited to \$600,000,000 aggregate principal amount. The indenture does not limit the amount of notes, debentures or other evidences of indebtedness that we may issue under the indenture and provides that notes, debentures or other evidences of indebtedness may be issued from time to time in one or more series. See “—Further Issuances.”

The aggregate principal amount of the 2022 notes will mature and become payable, together with accrued and unpaid interest, on March 15, 2022 (unless redeemed earlier as described below under “—Optional Redemption”) and the aggregate principal amount of the 2049 notes will mature and become payable, together with accrued and unpaid interest, on March 15, 2049 (unless redeemed earlier as described below under “—Optional Redemption”). The notes will not be convertible into or exchangeable for any of our equity interests. The notes will be issued only in registered form in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

No service charge will be made for any transfer or exchange of the notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

The notes will be represented by one or more global securities registered in the name of a nominee of DTC. Except as described under “Book-Entry Delivery and Settlement,” the notes will not be issuable in certificated form.

Interest and Interest Payment Dates

The 2022 notes will bear interest from December 3, 2018 at a rate of 3.375% per annum. The 2049 notes will bear interest from December 3, 2018 at a rate of 4.500% per annum. We will pay interest on the 2022 notes semi-annually in arrears on March 15 and September 15 of each year and on the maturity date of the 2022 notes and we will pay interest on the 2049 notes semi-annually in arrears on March 15 and September 15 of each year and on the maturity date of the 2049 notes, in each case beginning on March 15, 2019. We will pay interest on the notes to the persons in whose names the notes are registered at the close of business on the 15th calendar day (whether or not a business day) immediately preceding the related interest payment date. Interest on the notes will be computed on the basis of a 360-day year consisting of twelve 30-day months.

If an interest payment date (including an interest payment date falling on a redemption date or a maturity date) falls on a day that is not a business day, the payment will be made on the next business day as if it were made on the date the payment was due, and no interest will accrue on the amount so payable for the period from and after such interest payment date, redemption date or maturity date, as the case may be, to the date the payment is made. Interest payable on the notes will include accrued and unpaid interest from, and including, the date of issue or the last date in respect of which interest has been paid, as the case may be, to, but excluding, the interest payment date or the date of redemption or maturity, as the case may be.

Further Issuances

We may, from time to time, without notice to or the consent of holders of either series of notes offered hereby, create and issue additional debt securities having the same terms as such notes (except for the issue date and, in some cases, the public offering price, the initial interest accrual date and the initial interest payment date), ranking equally and ratably with such notes in all respects. Additional debt securities having such similar terms, together with the notes offered hereby, will constitute a single series of securities under the indenture; *provided, however*, that the issuance of such additional debt securities will not be so consolidated for United States federal income tax purposes unless such issuance constitutes a “qualified reopening” within the meaning of the Internal Revenue Code of 1986, as amended (the “Code”), and the Treasury regulations promulgated thereunder. No such additional debt securities may be issued if an event of default (as defined in the indenture) has occurred and is continuing with respect to such notes.

Optional Redemption

We may redeem the 2022 notes at our option, either in whole at any time or in part from time to time prior to February 15, 2022 (one month prior to the maturity date of the 2022 notes, the “One Month Par Call Date”), at a redemption price for the 2022 notes being redeemed on any redemption date equal to the greater of the following amounts:

- 100% of the principal amount of the 2022 notes being redeemed on the redemption date; or
- the sum of the present values of the remaining scheduled payments of principal and interest that would have been payable if the 2022 notes being redeemed on that redemption date matured on the One Month Par Call Date (excluding interest accrued to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at a discount rate equal to the Treasury Rate (as defined below), plus 10 basis points;

plus, in each case, accrued and unpaid interest on the 2022 notes being redeemed to, but excluding, the redemption date.

In addition, we may redeem the 2022 notes at our option, either in whole at any time or in part from time to time on and after the One Month Par Call Date at a redemption price for the 2022 notes being redeemed

[Table of Contents](#)

on any redemption date equal to 100% of the principal amount of the 2022 notes being redeemed, plus accrued and unpaid interest on the 2022 notes being redeemed to, but excluding, the redemption date.

We may redeem the 2049 notes at our option, either in whole at any time or in part from time to time prior to September 15, 2048 (six months prior to the maturity date of the 2049 notes, the “Six Month Par Call Date”), at a redemption price for the 2049 notes being redeemed on any redemption date equal to the greater of the following amounts:

- 100% of the principal amount of the 2049 notes being redeemed on the redemption date; or
- the sum of the present values of the remaining scheduled payments of principal and interest that would have been payable if the 2049 notes being redeemed on that redemption date matured on the Six Month Par Call Date (excluding interest accrued to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at a discount rate equal to the Treasury Rate (as defined below), plus 20 basis points;

plus, in each case, accrued and unpaid interest on the 2049 notes being redeemed to, but excluding, the redemption date.

In addition, we may redeem the 2049 notes at our option, either in whole at any time or in part from time to time on and after the Six Month Par Call Date at a redemption price for the 2049 notes being redeemed on any redemption date equal to 100% of the principal amount of the 2049 notes being redeemed, plus accrued and unpaid interest on the 2049 notes being redeemed to, but excluding, the redemption date.

Notwithstanding the foregoing, installments of interest on the notes that are due and payable on an interest payment date falling on or prior to a redemption date will be payable on the related interest payment date to the registered holders as of the close of business on the relevant record date according to the notes and the indenture.

“Comparable Treasury Issue” means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term (as measured from the date of redemption) of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes (assuming, for this purpose, that the 2022 notes mature on the One Month Par Call Date and the 2049 notes mature on the Six Month Par Call Date).

“Comparable Treasury Price” means, with respect to any redemption date, (1) the average of four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (2) if the Quotation Agent obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations, or (3) if only one Reference Treasury Dealer Quotation is received, such quotation.

“Quotation Agent” means any Reference Treasury Dealer appointed by us.

“Reference Treasury Dealer” means (1) each of Barclays Capital Inc., Deutsche Bank Securities Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, and their respective successors; *provided, however*, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a “Primary Treasury Dealer”), we will substitute therefor another Primary Treasury Dealer, and (2) any other Primary Treasury Dealer selected by us.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Quotation Agent, of the bid and asked prices for the

Table of Contents

Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Quotation Agent by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

“Treasury Rate” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Notice of any redemption will be mailed (or, with respect to notes in global form, electronically delivered) at least 30 days but not more than 60 days before the redemption date to each registered holder of the notes to be redeemed by us or by the trustee on our behalf. Once notice of redemption is mailed or electronically delivered, as applicable, the notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to, but excluding, the redemption date.

On and after the redemption date, interest will cease to accrue on the notes or any portion of the notes called for redemption (unless we default in the payment of the redemption price and accrued interest). Prior to the redemption date, we will deposit with the paying agent or the trustee money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on that date. If less than all of either series of notes are to be redeemed, the notes of such series to be redeemed shall be selected by the trustee by a method the trustee deems to be fair and appropriate or in case the notes are represented by one or more global notes, beneficial interests therein shall be selected for redemption by DTC in accordance with their respective applicable procedures therefor.

Sinking Fund

The notes will not be entitled to any sinking fund.

Change of Control

If a Change of Control Triggering Event (as defined below) occurs with respect to either series of notes, unless we have exercised our option to redeem such notes as discussed above under “—Optional Redemption,” we will be required to make an offer (the “Change of Control Offer”) to each holder of the notes of such series to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder’s notes on the terms set forth in such notes. In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of such notes repurchased, plus accrued and unpaid interest, if any, on such notes repurchased to, but excluding, the date of repurchase (the “Change of Control Payment”). Within 30 days following any Change of Control Triggering Event or, at our option, prior to any Change of Control (as defined below) with respect to either series of notes, but after public announcement of the transaction that constitutes or may constitute the Change of Control, a notice will be mailed (or with respect to notes in global form, electronically delivered) to holders of such notes describing the transaction that constitutes or may constitute the Change of Control Triggering Event and offering to repurchase such notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed or electronically delivered, as applicable (the “Change of Control Payment Date”). The notice will, if mailed or electronically delivered, as applicable, prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date.

On the Change of Control Payment Date, we will, to the extent lawful:

- accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

Table of Contents

- deposit with the paying agent an amount equal to the Change of Control Payment in respect of the applicable series of such notes, or portions of such notes properly tendered; and
- deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being repurchased and that all conditions precedent provided for in the indenture to the Change of Control Offer and the repurchase by us of notes pursuant to the Change of Control Offer have been complied with.

We will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and the third party repurchases all notes properly tendered and not withdrawn under its offer. In addition, we will not repurchase any notes if there has occurred and is continuing on the Change of Control Payment Date an event of default under the indenture, other than a default in the payment of the Change of Control Payment upon a Change of Control Triggering Event.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any such securities laws or regulations conflict with the Change of Control Offer provisions of the notes, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the notes by virtue of any such conflict.

For purposes of the Change of Control Offer provisions of either series of notes, the following terms will be applicable:

"Change of Control" means the occurrence of any of the following:

- the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) (other than the Company or one of our subsidiaries) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of our Voting Stock or other Voting Stock into which our Voting Stock is reclassified, consolidated, exchanged or changed, measured by voting power rather than number of shares; or
- the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or more series of related transactions, of all or substantially all of our assets and the assets of our subsidiaries, taken as a whole, to one or more "persons" (as that term is defined in the indenture) (other than the Company or one of our subsidiaries).

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (1) we become a direct or indirect wholly owned subsidiary of a holding company and (2) either (A) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of our Voting Stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company.

"Change of Control Triggering Event" means the occurrence of both a Change of Control and a Rating Event.

"Fitch" means Fitch Ratings, Inc.

[Table of Contents](#)

“Investment Grade Rating” means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody’s and BBB- (or the equivalent) by S&P, and the equivalent investment grade credit rating from any additional rating agency or rating agencies selected by us.

“Moody’s” means Moody’s Investors Service, Inc.

“Rating Agencies” means (1) each of Fitch, Moody’s and S&P; and (2) if any of Fitch, Moody’s or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” as defined in Section 3(a)(62) of the Exchange Act selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Fitch, Moody’s or S&P, or all of them, as the case may be.

“Rating Event” means with respect to each series of notes, the rating on such notes is lowered by each of the Rating Agencies and such notes are rated below an Investment Grade Rating by each of the Rating Agencies on any day within the 60-day period (which 60-day period will be extended so long as the rating of the applicable notes is under publicly announced consideration for a possible downgrade by any of the rating agencies) after the earlier of (1) the occurrence of a Change of Control and (2) public notice of the occurrence of a Change of Control or our intention to effect a Change of Control; provided, however, that a Rating Event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Rating Event for purposes of the definition of Change of Control Triggering Event) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control has occurred at the time of the Rating Event). If any Rating Agency is not providing a rating of a series of notes on any day during the relevant period for any reason and we have not selected a replacement Rating Agency pursuant to the terms of such notes, the rating of such Rating Agency shall be deemed to be below an Investment Grade Rating on such day and such Rating Agency will be deemed to have lowered its rating of such notes during the relevant period.

“S&P” means S&P Global Ratings, a division of S&P Global Inc., and its successors.

“Voting Stock” means, with respect to any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date, the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Defeasance

The defeasance provisions of the indenture apply to the notes.

Information Concerning the Trustee

The Bank of New York Mellon is the trustee under the indenture. From time to time, we maintain deposit accounts and conduct other banking transactions with the trustee in the ordinary course of business.

Governing Law; Waiver of Jury Trial

The indenture is governed by, and construed in accordance with, the laws of the State of New York, and once issued the notes will be as well. The indenture provides that we and the trustee irrevocably waive, to the fullest extent permitted by applicable law, any and all rights to trial by jury in any legal proceeding arising out of or relating to the indenture, the notes or any transactions contemplated by the indenture.

Book-Entry Delivery and Settlement

Global Notes

We will issue the notes in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of DTC and registered in the name of Cede & Co., as nominee of DTC.

DTC, Clearstream and Euroclear

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in DTC. Investors may hold interests in the global notes through either DTC, in the United States, Clearstream Banking S.A., or “Clearstream,” or Euroclear Bank SA/NV, or “Euroclear,” in Europe, either directly if they are participants in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in Clearstream’s and Euroclear’s names on the books of their U.S. depositaries, which in turn will hold such interests in customers’ securities accounts in the U.S. depositaries’ names on the books of DTC.

DTC has indicated that:

- it is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered under Section 17A of the Exchange Act;
- it holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants’ accounts, thereby eliminating the need for physical movement of securities certificates;
- direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations, some of whom, and/or their representatives, own DTC;
- it is owned by a number of its direct participants and by the New York Stock Exchange LLC and the Financial Industry Regulatory Authority, Inc.;
- access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly; and
- the rules applicable to DTC and its direct and indirect participants are on file with the SEC.

Clearstream is incorporated under the laws of Luxembourg as a professional depositary. Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depositary, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Section. Clearstream customers are recognized financial institutions around the world, including

[Table of Contents](#)

underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream customer either directly or indirectly.

Euroclear was created in 1968 to hold securities for its participants and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank SA/NV, or the “Euroclear Operator,” under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation, or the “Cooperative.” All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

We understand that the Euroclear Operator is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of us, the underwriters nor the trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

We expect that under procedures established by DTC:

- upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of direct participants designated by the underwriters with portions of the principal amounts of the global notes; and
- ownership of the notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC or its nominee, with respect to interests of direct participants, and the records of direct and indirect participants, with respect to interests of persons other than participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the notes represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in notes represented by a global note to pledge or transfer those interests to persons or entities that do not participate in DTC’s system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture and under the notes. Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes represented by that global note registered in their names, will not receive or be entitled

[Table of Contents](#)

to receive physical delivery of certificated notes and will not be considered the owners or holders thereof under the indenture or under the notes for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of notes under the indenture or a global note.

Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of the notes by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the notes.

Payments on the notes represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the notes represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practice as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Distributions with respect to the notes held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions on the notes held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

Clearance and Settlement Procedures

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international

[Table of Contents](#)

clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depositary to take action to effect final settlement on its behalf by delivering or receiving the notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositaries.

Because of time-zone differences, credits of the notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of the notes by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

Certificated Notes

Individual certificates in respect of the notes will not be issued in exchange for the global notes, except in very limited circumstances. We will issue or cause to be issued certificated notes to each person that DTC identifies as the beneficial owner of the notes represented by a global note upon surrender by DTC of the global note if:

- DTC notifies us that it is no longer willing or able to act as a depositary for such global note or ceases to be a clearing agency registered under the Exchange Act, and we have not appointed a successor depositary within 90 days of that notice or becoming aware that DTC is no longer so registered;
- an event of default has occurred and is continuing, and DTC requests the issuance of certificated notes; or
- subject to DTC’s procedures, we determine not to have the notes of such series represented by a global note.

Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the notes. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the certificated notes to be issued.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of the material U.S. federal income tax considerations of the acquisition, ownership and disposition of the notes. This discussion is based upon provisions of the Code, applicable U.S. Treasury regulations, administrative rulings and judicial decisions in effect as of the date of this prospectus supplement, any of which may subsequently be changed or interpreted differently by the Internal Revenue Service (the “IRS”), possibly with retroactive effect, so as to result in U.S. federal income tax consequences different from those discussed below. This discussion is for general information purposes only, and is not tax advice.

Except where noted, this discussion deals only with a note held as a capital asset by a beneficial owner who purchases such note on original issuance at the first price, which we refer to as the “issue price,” at which a substantial portion of the notes is sold for cash to persons other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers. This discussion does not address all aspects of U.S. federal income taxes and does not deal with all tax consequences that may be relevant to holders in light of their personal circumstances or to investors that may be subject to special rules, such as:

- dealers in securities or currencies, financial institutions, regulated investment companies, real estate investment trusts, tax-exempt entities, retirement plans, insurance companies and traders in securities that elect to use a mark-to-market method of tax accounting for their securities;
- persons holding notes as a part of a hedging, integrated, conversion, straddle or other integrated transaction;
- U.S. holders, as defined below, whose “functional currency” is not the U.S. dollar;
- certain former citizens or residents of the United States;
- holders subject to alternative minimum tax;
- partnerships or other pass-through entities (or investors therein);
- non-U.S. trusts and estates that have U.S. beneficiaries; and
- “controlled foreign corporations,” or “passive foreign investment companies”.

This discussion does not address any U.S. state or local tax considerations, non-U.S. tax considerations, or any U.S. federal tax considerations other than U.S. federal income tax considerations (such as U.S. federal gift tax or U.S. federal estate tax considerations).

YOU SHOULD CONSULT WITH YOUR OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL AND NON-U.S. INCOME, AND ANY OTHER TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE NOTES IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES.

In this discussion, we use the term “U.S. holder” to refer to a beneficial owner of the notes that is:

- an individual who is a citizen or resident of the United States, as determined for U.S. federal income tax purposes;

[Table of Contents](#)

- a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust, if it (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (2) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

We use the term “Non-U.S. holder” to describe a beneficial owner of the notes that is neither a U.S. holder nor a partnership or other entity that is treated as a partnership for U.S. federal income tax purposes.

If an entity that is treated as a partnership for U.S. federal income tax purposes holds notes, the tax treatment of a partner or member generally will depend upon the status of the partner or member and the activities of the entity. If you are a partner or member in such an entity, you should consult your tax advisors.

Certain Contingent Payments

In certain circumstances, we may choose or be obligated to pay amounts in excess of the stated interest or principal on the notes (see “Description of the Notes—Change of Control”). The obligation to make such payments may implicate the provisions of Treasury regulations relating to “contingent payment debt instruments.” Under applicable Treasury regulations, the possibility that such an amount will be paid will not affect the amount, timing or character of income recognized by a holder with respect to the notes if, as of the date the notes were issued, the chance that such an amount will be paid is remote, the amount is incidental or certain other exceptions apply. We intend to take the position that the contingencies associated with such payments on the notes should not cause the notes to be subject to the contingent payment debt instrument rules. Our determination is binding on a holder unless such holder discloses its contrary position in the manner required by applicable Treasury regulations. Our determination is not, however, binding on the IRS, and if the IRS were to successfully challenge this determination, you might be required to accrue interest income at a higher rate than the stated interest rate on the notes, and to treat as ordinary income any gain realized on the taxable disposition of a note. The remainder of this discussion assumes that the notes will not be treated as contingent payment debt instruments. You are urged to consult your own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof.

Taxation of U.S. Holders

Interest Income

It is anticipated that the notes will be issued with no more than a *de minimis* amount (as set forth in the applicable U.S. Treasury regulations) of original issue discount, or “OID.” In such case, interest paid on the notes generally will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or received (in accordance with the U.S. holder’s regular method of tax accounting for U.S. federal income tax purposes).

Sale, Exchange, Redemption, Repurchase or other Taxable Disposition of the Notes

A U.S. holder will generally recognize gain or loss equal to the difference between the amount realized on the sale, exchange, redemption, repurchase by us or other taxable disposition of a note and the U.S. holder’s adjusted tax basis in such note, except to the extent the amount realized is attributable to accrued interest not previously included in income, which will be taxable as ordinary interest income. A U.S. holder’s adjusted tax basis in the note generally will be the amount paid for the note.

[Table of Contents](#)

Any gain or loss recognized by a U.S. holder on a taxable disposition of the note will be capital gain or loss. If, at the time of the sale, exchange, redemption, repurchase or other taxable disposition of the note, a U.S. holder is treated as holding the note for more than one year, such capital gain or loss will be a long-term capital gain or loss. Otherwise, such capital gain or loss will be a short-term capital gain or loss. In the case of certain non-corporate U.S. holders (including individuals), long-term capital gains are generally eligible for reduced rates of U.S. federal income taxation. A U.S. holder’s ability to deduct capital losses may be limited.

Medicare Tax on Unearned Income

The Health Care and Education Reconciliation Act of 2010 generally requires certain U.S. holders that are individuals, estates or trusts to pay an additional 3.8% tax on “net investment income,” which includes, among other things, interest on and gains from the sale or other taxable disposition of notes. U.S. holders should consult their tax advisors regarding the application of this tax.

Information Reporting and Backup Withholding

Information reporting requirements generally will apply to interest on the notes and the proceeds of a sale of a note paid to a U.S. holder unless the U.S. holder is an exempt recipient. Backup withholding will apply to payments if the U.S. holder fails to provide its correct taxpayer identification number, or certification of exempt status (generally by providing an IRS Form W-9 or an applicable IRS Form W-8), or if the U.S. holder is notified by the IRS that it has failed to report in full payments of interest and dividend income. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against a U.S. holder’s U.S. federal income tax liability provided the required information is furnished timely to the IRS.

Non-U.S. Holders

The following discussion is a summary of material U.S. federal income tax considerations that may be relevant to the acquisition, ownership and disposition of the notes held by a person who is a “Non-U.S. holder” as defined above.

Interest on the Notes

Subject to the discussions below concerning backup withholding and the Foreign Account Tax Compliance Act (“FATCA”), payments of interest on the notes made to a Non-U.S. holder generally will be exempt from U.S. federal income tax and withholding tax under the “portfolio interest” exemption if the Non-U.S. holder properly certifies its foreign status (in the manner described below) and:

- is not a “10-percent shareholder” of us, as defined in section 871(h)(3) of the Code and the Treasury regulations thereunder;
- such amounts are not effectively connected with the conduct of a trade or business in the U.S. by the Non-U.S. holder;
- is not a bank described in section 881(c)(3)(A) of the Code; and
- is not a “controlled foreign corporation” that is related to us through stock ownership.

The portfolio interest exemption, and several of the special rules for Non-U.S. Holders described below, generally apply only if you appropriately certify as to your foreign status. In order to meet this certification requirement, you must provide a properly executed IRS Form W-8BEN or W-8BEN-E, as applicable (or appropriate substitute or successor form) to us or our agent certifying under penalties of perjury that, among other things, you are not a U.S. person.

[Table of Contents](#)

If you hold the notes through a securities clearing organization, financial institution or other agent acting on your behalf, you may be required to provide appropriate certifications to the agent. Your agent will then generally be required to provide appropriate certifications to us, either directly or through other intermediaries. Special rules apply to foreign partnerships, estates and trusts, and other intermediaries, and in certain circumstances certifications as to the foreign status of partners, trust owners or beneficiaries may have to be provided. In addition, special rules apply to qualified intermediaries that enter into withholding agreements with the IRS.

If a Non-U.S. Holder is engaged in a trade or business in the United States and interest on a note is effectively connected with the conduct of that trade or business, the Non-U.S. Holder will generally be required to pay U.S. federal income tax on that interest on a net income basis in the same manner as if the Non-U.S. Holder were a U.S. Holder. If a Non-U.S. Holder is eligible for the benefits of an income tax treaty between the United States and the Non-U.S. Holder's country of residence, any effectively connected income generally will be subject to U.S. federal income tax only if it is also attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States. In addition, if a Non-U.S. Holder is a foreign corporation, it may be subject to branch profits tax equal to 30% (or lower applicable treaty rate) of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with its conduct of a trade or business in the United States. If you do not satisfy the requirements described above for the portfolio interest exemption, payments of interest made to you on the notes will be subject to the 30% U.S. federal withholding tax, unless you provide us or our agent with a properly executed IRS Form W-8BEN or W-8BEN-E, as applicable (or appropriate substitute or successor form), claiming an exemption from (or a reduction of) withholding under an applicable income tax treaty or a properly executed IRS Form W-8ECI (or appropriate substitute or successor form) claiming an exemption of withholding because the income is effectively connected with a U.S. trade or business.

Sale, Exchange, Redemption, Repurchase or other Taxable Disposition of the Notes

Subject to the discussions below concerning backup withholding and FATCA, and except with respect to accrued but unpaid interest, which will be taxable as described above under "—Interest on the Notes," you generally will not be subject to U.S. federal income tax (and generally no tax will be withheld) on any gain realized on the sale, exchange, retirement or other taxable disposition of a note unless (i) you are an individual who has been present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met or (ii) such gain is effectively connected with the conduct of a trade or business in the U.S. by such non-U.S. holder.

If you are subject to U.S. federal income tax on the taxable disposition of the notes because you are described in (i) of the paragraph above, any gain realized by you from the sale, exchange, retirement or other taxable disposition of the notes generally will be subject to U.S. federal income tax at a 30% rate (or lower applicable treaty rate), which may be offset by certain U.S. source capital losses. If you are subject to U.S. federal income tax on the taxable disposition of the notes because you are described in (ii) of the paragraph above, you will generally be required to pay U.S. federal income tax on the net gain derived from the sale in the same manner as if the Non-U.S. Holder were a U.S. Holder. If a Non-U.S. Holder is eligible for the benefits of an income tax treaty between the United States and the Non-U.S. Holder's country of residence, any effectively connected gain generally will be subject to U.S. federal income tax only if it is also attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States. In addition, if such Non-U.S. Holder is a foreign corporation, it may also be required to pay branch profits tax on any effectively connected gain at a 30% rate or a lower rate if so specified by an applicable tax treaty.

Information Reporting and Backup Withholding

Payments of interest made to you, and any amounts withheld from such payments, generally will be required to be reported to the IRS. The IRS may make this information available under the provisions of an

[Table of Contents](#)

applicable tax treaty to the tax authorities in the country in which you are resident. Backup withholding generally will not apply to payments of interest on a note to a Non-U.S. Holder that provides certification of foreign status such as an IRS Form W-8BEN or W-8BEN-E, as applicable (or appropriate substitute or successor form) described above “—Interest on the Notes,” or if a Non-U.S. Holder otherwise establishes an exemption from backup withholding.

Payment of the proceeds of a sale or other disposition of a note effected by the U.S. office of a U.S. or foreign broker will be subject to information reporting requirements and backup withholding unless you properly certify under penalties of perjury as to your foreign status and certain other conditions are met or you otherwise establish an exemption. Information reporting requirements, but not backup withholding, generally will apply to any payment of the proceeds of the sale of a note effected outside the United States by a foreign office of a broker that has certain connections to the U.S. unless such a broker has actual knowledge that you are a Non-U.S. Holder and you do not otherwise establish an exemption.

Backup withholding is not an additional tax. Any amount withheld under the backup withholding rules generally may be credited against your U.S. federal income tax liability and any excess may be refunded if the proper information is provided to the IRS on a timely basis.

FATCA

Provisions in the Code commonly referred to as “FATCA” impose withholding of 30% on payments of interest on the notes and (for dispositions after December 31, 2018) on gross proceeds of sales or redemptions of the notes paid to certain non-U.S. Holders. Subject to certain limitations, this FATCA tax is imposed on U.S.-source interest income and on the gross proceeds from the sale or other disposition of a debt obligation that produces U.S.-source interest income paid to (i) a foreign financial institution (as the beneficial owner or as an intermediary for the beneficial owner), unless such institution (a) enters into, and is in compliance with, a withholding and information reporting agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution or (b) is a resident in a country that has entered into an intergovernmental agreement with the United States in relation to such withholding and information reporting and the financial institution complies with the related information reporting requirements of such country; or (ii) a foreign entity that is not a financial institution (as the beneficial owner or as an intermediary for the beneficial owner), unless such entity certifies certain information evidencing either (x) an exemption from FATCA, or (y) adequate information regarding the “substantial United States owners” (as defined in the Code) of such entity (if any). Each investor is encouraged to consult with its tax advisor regarding the implications of this legislation on their investment in a note.

UNDERWRITING (CONFLICTS OF INTEREST)

We and Barclays Capital Inc., Deutsche Bank Securities Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, the representatives of the several underwriters for the offering, have entered into an underwriting agreement with respect to the notes. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase, the aggregate principal amount of each series of notes listed next to its name in the following table:

Underwriters	Principal Amount of 2022 Notes	Principal Amount of 2049 Notes
Barclays Capital Inc.	\$ 72,000,000	\$ 108,000,000
Deutsche Bank Securities Inc.	72,000,000	108,000,000
Merrill Lynch, Pierce, Fenner & Smith Incorporated	72,000,000	108,000,000
Citigroup Global Markets Inc.	52,000,000	78,000,000
J.P. Morgan Securities LLC	52,000,000	78,000,000
BNP Paribas Securities Corp.	40,000,000	60,000,000
MUFG Securities Americas Inc.	40,000,000	60,000,000
Total	<u>\$ 400,000,000</u>	<u>\$ 600,000,000</u>

The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus supplement are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the notes offered by this prospectus supplement if any such notes are taken.

The underwriters initially propose to offer each series of notes directly to the public at the applicable offering price set forth on the cover page of this prospectus supplement. After the initial offering of the notes, the underwriters may vary from the relevant price to the public and other selling terms.

The following table shows the underwriting discount that we will pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes):

	<u>Paid by the Company</u>
Per 2022 note	0.250%
Per 2049 note	0.875%

We estimate that the total expenses of the offering payable by us, excluding the underwriting discount, will be approximately \$2.1 million.

We have also agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments which the underwriters may be required to make in respect of any such liabilities.

Each series of notes is a new issue of securities with no established trading market. We have been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market prices of the notes while the offering is in progress.

Table of Contents

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

We expect that delivery of the notes will be made against payment therefor on or about December 3, 2018, which will be the third business day following the date of the pricing of the notes (this settlement cycle being referred to as "T+3"). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market are generally required to settle in two business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of pricing will be required, by virtue of the fact that the notes will settle in T+3, to specify alternative settlement arrangements at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to the date of delivery hereunder should consult their own advisors.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments, including acting as counterparties to certain derivative and hedging arrangements, and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge and certain of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

As described in this prospectus supplement under "Use of Proceeds," net proceeds of this offering will be used to repay outstanding commercial paper. One or more of the underwriters participating in this offering and/or their affiliates may hold positions in our commercial paper, and one or more of the underwriters may act as dealers under our commercial paper programs. To the extent that net proceeds from this offering are applied to repay our commercial paper held by any of the underwriters or their affiliates, they will receive proceeds of this offering through the repayment of that commercial paper. If 5% or more of the net proceeds of

Table of Contents

this offering (not including the underwriting discount) is used to repay our outstanding commercial paper held by at least one of the underwriters or their affiliates, this offering will be conducted in accordance with FINRA Rule 5121. In such event, such underwriter or underwriters will not confirm sales of the notes to accounts over which they exercise discretionary authority without the prior written approval of the customer.

Any resale of the notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. This prospectus supplement and the accompanying prospectus are not a prospectus for the purposes of the Prospectus Directive.

THE COMPANY

We were incorporated in Delaware in 1923 as the successor to a business formed in 1902. Our executive offices are located at 77 West Wacker Drive, Suite 4600, Chicago, Illinois 60601. Our telephone number is (217) 424-5200. We maintain an Internet web site at www.adm.com. The web site is not a part of this prospectus.

We are one of the world’s largest processors of oilseeds, corn, wheat, and other agricultural commodities and are a leading manufacturer of protein meal, vegetable oil, corn sweeteners, flour, biodiesel, ethanol, and other value-added food and feed ingredients. We also have an extensive global grain elevator and transportation network to procure, store, clean, and transport agricultural commodities, such as oilseeds, corn, wheat, milo, oats, and barley, as well as processed agricultural commodities. We have significant investments in joint ventures. We expect to benefit from these investments, which typically aim to expand or enhance our market for our products or offer other benefits including, but not limited to, geographic or product line expansion.

Our vision is to be the most admired global agribusiness while creating value and growing responsibly. Our strategy involves expanding the volume and diversity of crops that we merchandise and process, expanding the global reach of our core model, and expanding our value-added product portfolio. Our desire is to execute this vision and these strategies by conducting our business in accordance with our core values of operating with integrity, treating others with respect, achieving excellence, being resourceful, displaying teamwork, and being responsible.

As the world population grows, so does demand for quality foods, feed ingredients for livestock, alternative fuels, and environmentally friendly alternatives to traditional chemicals. As one of the world’s leading agricultural processors, we play a pivotal role in meeting all of these needs in sustainable ways. We produce the food ingredients, biofuels, and other products that manufacturers around the world use to provide wholesome food and a better life to millions of people around the globe.

When we refer to “our company,” “we,” “our” and “us” in this prospectus under the headings “The Company,” “Use of Proceeds” and “Ratio of Earnings to Fixed Charges and Earnings to Combined Fixed Charges and Preferred Stock Dividends,” we mean Archer-Daniels-Midland Company, its subsidiaries and their predecessors unless the context indicates otherwise. When such terms are used elsewhere in this prospectus, we refer only to Archer-Daniels-Midland Company unless the context indicates otherwise.

USE OF PROCEEDS

Unless the applicable prospectus supplement states otherwise, the net proceeds from the sale of the offered securities will be added to our general funds and will be available for general corporate purposes, including:

- meeting our working capital requirements;
- funding capital expenditures and possible acquisitions of, or investments in, businesses and assets; and
- repaying indebtedness originally incurred for general corporate purposes.

Until we use the net proceeds, we will invest them in short-term or long-term marketable securities or use them to repay short-term borrowings.

**RATIO OF EARNINGS TO FIXED CHARGES AND EARNINGS TO COMBINED FIXED CHARGES
AND PREFERRED STOCK DIVIDENDS**

Set forth below is our consolidated ratio of earnings to fixed charges for each of the periods presented. As of the date of this prospectus, we have no preferred stock outstanding and accordingly, the ratio of earnings to combined fixed charges and preferred stock dividends is equal to the ratio of earnings to fixed charges and is not disclosed separately.

Fiscal Year Ended June 30, 2012	Six-Month Transition Period Ended December 31, 2012	2013	Fiscal Year Ended December 31, 2014	2015	2016	Six-Month Period Ended June 30, 2017
3.79x	4.02x	4.45x	7.90x	6.62x	5.40x	4.09x

The ratio of earnings to fixed charges is calculated as follows:

$$\frac{\text{(earnings)}}{\text{(fixed charges)}}$$

For purposes of calculating the ratio, “earnings” consist of:

- pre-tax income from continuing operations before adjustment for non-controlling interests in income from consolidated subsidiaries or income or loss from equity investees;
- plus fixed charges;
- plus amortization of capitalized interest;
- plus distributed income of equity investees; and
- plus our share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges;
- minus capitalized interest;
- minus preference security dividend requirements of consolidated subsidiaries; and
- minus the non-controlling interest in pre-tax income of subsidiaries that have not incurred fixed charges.

For purposes of calculating the ratio, “fixed charges” consist of:

- interest expensed and capitalized;
- amortized premiums, discounts and capitalized expenses related to indebtedness;
- an estimate of the interest portion of rental expense on operating leases; and
- preference security dividend requirements of consolidated subsidiaries.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of our debt securities. The prospectus supplement will describe the specific terms of the debt securities offered through that prospectus supplement and any general terms outlined in this section that will not apply to those debt securities.

The debt securities will be issued under an indenture dated as of October 16, 2012 between us and The Bank of New York Mellon, as trustee. We have summarized certain terms and provisions of the indenture in this section. We have also filed the indenture as an exhibit to the registration statement of which this prospectus forms a part. You should read the indenture for additional information before you buy any debt securities.

Because this section is a summary, it does not describe every aspect of the debt securities. This summary is subject to, and qualified in its entirety by reference to, all the provisions of the indenture, including definitions of certain terms used in the indenture. For example, in this section we use capitalized words to signify terms that have been specifically defined in the indenture. Some of the definitions are repeated herein, but for the rest you will need to read the indenture. We also include references in parentheses to certain sections of the indenture so that you can more easily locate these provisions. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in the applicable prospectus supplement, such sections or defined terms are incorporated by reference herein or in the prospectus supplement.

General

The debt securities will be our unsecured and unsubordinated obligations ranking on parity with all of our other unsecured and unsubordinated indebtedness.

The indenture does not limit the amount of debt securities that we may issue and provides that we may issue debt securities from time to time in one or more series. (*Section 301*). Unless otherwise specified in the applicable prospectus supplement, we may, without the consent of the holders of a series of debt securities, issue additional debt securities of that series having the same ranking and the same interest rate, maturity date and other terms (except for the price to public and issue date) as such debt securities. Any such additional debt securities, together with the initial debt securities, will constitute a single series of debt securities under the applicable indenture. No additional debt securities of a series may be issued if an event of default under the applicable indenture has occurred and is continuing with respect to that series of debt securities.

A prospectus supplement relating to a series of debt securities being offered will include specific terms relating to the offering. (*Section 301*). These terms will include some or all of the following:

- the title of the debt securities of the series;
- any limit on the total principal amount of the debt securities of that series;
- whether the debt securities will be issuable as registered securities, bearer securities or both;
- whether any of the debt securities are to be issuable initially in temporary global form;
- whether any of the debt securities are to be issuable in permanent global form;
- the person to whom interest on the debt securities is payable, if such person is not the person in whose name the debt securities are registered;
- the date or dates on which the debt securities will mature and our ability to extend such date or dates;
- if the debt securities bear interest:
 - the interest rate or rates on the debt securities or the formula by which the interest rate or rates shall be determined;

[Table of Contents](#)

- the date or dates from which any interest will accrue;
- any circumstances under which we may defer interest payments;
- the record and interest payment dates for debt securities that are registered securities; and
- whether the interest rate or interest rate formula can be reset and, if so, the date or dates on which the interest rate or interest rate formula can be reset;
- the place or places where:
 - we can make payments on the debt securities;
 - the debt securities can be presented for registration of transfer or exchange; and
 - notice and demands can be given to us relating to the debt securities and under the indenture;
- the date, if any, after which and the price or prices (and other applicable terms and provisions) at which we may redeem the offered debt securities pursuant to any optional or mandatory redemption provisions that would permit or require us or the holders of the debt securities to redeem the debt securities prior to their final maturity;
- any sinking fund or analogous provisions that would obligate us to redeem the debt securities, in whole or in part, before their final maturity;
- the denominations in which any debt securities which are registered debt securities will be issuable, if other than denominations of \$1,000 or multiples of \$1,000;
- the denominations in which any debt securities which are bearer securities will be issuable, if other than denominations of \$5,000;
- whether the debt securities will be convertible into shares of common stock or preferred stock and, if so, the terms and conditions of any such conversion and, if convertible into shares of preferred stock, the terms of such preferred stock;
- the currency or currencies of payment on the debt securities;
- any index used to determine the amount of payments on the debt securities;
- the portion of the principal payable upon acceleration of the debt securities following an event of default, if such portion is other than the principal amount of the debt securities;
- any events of default which will apply to the debt securities in addition to those contained in the indenture;
- any additional covenants applicable to the debt securities and whether certain covenants can be waived;
- whether the provisions described below under the heading “Defeasance” apply to the debt securities; and
- any other terms and provisions of the debt securities not inconsistent with the terms and provisions of the indenture. (*Section 301*).

If the purchase price of any of the debt securities is denominated in a foreign currency or currencies, or if the principal of and any premium and interest on any series of debt securities is payable in a foreign currency or currencies, then the restrictions, elections, general tax considerations, specific terms and other information with respect to such issue of debt securities and such foreign currency or currencies will be set forth in the applicable prospectus supplement.

When we use the term “holder” in this prospectus with respect to a registered debt security, we mean the person in whose name such debt security is registered in the security register. (*Section 101*).

Denominations, Registration and Transfer

We may issue the debt securities as registered securities, bearer securities or both. We may issue debt securities in the form of one or more global securities, as described below under “Global Securities.” Unless we state otherwise in the applicable prospectus supplement, registered securities denominated in U.S. dollars will be issued only in denominations of \$1,000 and multiples of \$1,000. Bearer securities denominated in U.S. dollars will be issued only in denominations of \$5,000 with coupons attached. A global security will be issued in a denomination equal to the total principal amount of outstanding debt securities represented by that global security. The prospectus supplement relating to debt securities denominated in a foreign currency will specify the denominations of the debt securities. *(Sections 201, 203, 301 and 302).*

You may exchange any debt securities of a series for other debt securities of that series if the other debt securities are denominated in authorized denominations and have the same aggregate principal amount and the same terms as the debt securities that were surrendered for exchange. In addition, if debt securities of any series are issuable as both registered securities and as bearer securities, you may, subject to the terms of the indenture, exchange bearer securities (with all unmatured coupons, except as provided below, and all matured coupons in default attached) of the series for registered securities of the same series of any authorized denominations and that have the same aggregate principal amount and the same terms as the debt securities that were surrendered for exchange.

Unless we state otherwise in the applicable prospectus supplement, any bearer security surrendered in exchange for a registered security between a record date and the relevant date for payment of interest must be surrendered without the coupon relating to such date for payment of interest attached. Interest will not be payable on the registered security on the relevant date for payment of interest issued in exchange for the bearer security, but will be payable only to the holder of such coupon when due in accordance with the terms of the indenture.

Unless we state otherwise in the applicable prospectus supplement, bearer securities will not be issued in exchange for registered securities. *(Section 305).*

Registered securities may be presented for registration of transfer, duly endorsed or accompanied by a satisfactory written instrument of transfer, at the office or agency maintained by us for that purpose in a place of payment. There will be no service charge for any registration of transfer or exchange of the debt securities, but we may require you to pay any tax or other governmental charge payable in connection with a transfer or exchange of the debt securities. *(Section 305).* If the applicable prospectus supplement refers to any office or agency, in addition to the security registrar, initially designated by us where you can surrender the debt securities for registration of transfer or exchange, we may at any time rescind the designation of any such office or agency or approve a change in the location. If debt securities of a series are issuable only as registered securities, we will be required to maintain a transfer agent in each place of payment for such series. If debt securities of a series are issuable as bearer securities, we will be required to maintain, in addition to the security registrar, a transfer agent in a place of payment for such series located outside the United States. We may at any time designate additional transfer agents with respect to any series of debt securities. *(Section 1002).*

We shall not be required to:

- issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before the selection of debt securities of that series to be redeemed and ending at the close of business on:
 - the day of mailing of the relevant notice of redemption, if debt securities of the series are issuable only as registered securities; or
 - the day of the first publication of the relevant notice of redemption, if debt securities of the series are issuable as bearer securities; or

[Table of Contents](#)

- the mailing of the relevant notice of redemption, if debt securities of that series are also issuable as registered securities and there is no publication;
- register the transfer of or exchange any registered selected for redemption, except for the unredeemed portion of any registered security being redeemed in part; or
- exchange any bearer security selected for redemption, except to exchange the bearer security for a registered security of that series and like tenor which is simultaneously surrendered for redemption. *(Section 305)*.

Original Issue Discount Securities

Debt securities may be issued as original issue discount securities and sold at a discount below their stated principal amount. If a debt security is an original issue discount security, an amount less than the principal amount of the debt security will be due and payable upon a declaration of acceleration of the maturity of the debt security under the applicable indenture. *(Sections 101 and 502)*. The applicable prospectus supplement will describe the federal income tax consequences and other special factors you should consider before purchasing any original issue discount securities.

Payments and Paying Agents

Unless we state otherwise in the applicable prospectus supplement, payment of principal and any premium and interest on registered securities, other than a global security, will be made at the office of the paying agent or paying agents we may designate from time to time. *(Section 1002)*. At our option, payment of any interest may be made (i) by check mailed to the address of the payee entitled to payment at the address listed in the security register, or (ii) by wire transfer to an account maintained by the payee as specified in the security register. Unless we state otherwise in the applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name the registered security is registered at the close of business on the regular record date for such interest payment. *(Section 307)*.

Unless we state otherwise in the applicable prospectus supplement, payment of principal and any premium and interest on bearer securities will be payable, subject to applicable laws and regulations, at the offices of the paying agent or paying agents outside the United States that we may designate from time to time. *(Section 1002)*. At our option, payment of any interest may be made by check or by wire transfer to an account maintained by the payee outside the United States. Unless we state otherwise in the applicable prospectus supplement, payment of interest on bearer securities on any interest payment date will be made only upon presentation and surrender of the coupon relating to that interest payment date. *(Section 1001)*. No payment on any bearer security will be made:

- at any of our offices or agencies in the United States;
- by check mailed to any address in the United States; or
- by transfer to an account maintained in the United States.

Neither we nor our paying agents will make payment on bearer securities or coupons, or upon any other demand for payment, if you present them to us or our paying agents within the United States. Notwithstanding the foregoing, payment of principal of and any premium and interest on bearer securities denominated and payable in U.S. dollars will be made at the office of our paying agent in the United States if, and only if, payment of the full amount payable in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions. *(Section 1002)*.

Unless we state otherwise in the applicable prospectus supplement, the principal office of the trustee in New York City will be designated as our sole paying agent for payments on debt securities that are issuable only as

Table of Contents

registered securities. We will name in the applicable prospectus supplement any paying agent outside the United States, and any other paying agent in the United States, initially designated by us for the debt securities. We may, at any time:

- designate additional paying agents;
- rescind the designation of any paying agent; or
- approve a change in the office through which any paying agent acts.

If debt securities of a series are issuable only as registered securities, we will be required to maintain a paying agent in each place of payment for that series. If debt securities of a series are issuable as bearer securities, we will be required to maintain:

- a paying agent in each place of payment for that series in New York City for payments on any registered securities of that series;
- a paying agent in each place of payment located outside the United States where debt securities of that series and any coupons may be presented and surrendered for payment. If the debt securities of that series are listed on The International Stock Exchange of the United Kingdom and the Republic of Ireland, the Luxembourg Stock Exchange or any other stock exchange located outside the United States and such stock exchange shall so require, then we will maintain a paying agent in London, Luxembourg City or any other required city located outside the United States for debt securities of that series; and
- a paying agent in each place of payment located outside the United States where, subject to applicable laws and regulations, registered securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us may be served. (*Section 1002*).

Any money that we pay to a paying agent for the purpose of making payments on the debt securities and that remains unclaimed two years after the payments were due will be returned to us. After that time, any holder of a debt security or any coupon may only look to us for payments on the debt security or coupon. (*Section 1003*).

Global Securities

Global Securities. The debt securities may be issued initially in book-entry form and represented by one or more global securities in fully registered form without interest coupons which will be deposited with the trustee as custodian for The Depository Trust Company, which we refer to as “DTC,” and registered in the name of Cede & Co. or another nominee designated by DTC. Except as set forth below, the global securities may be transferred, in whole and not in part, only to DTC or another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global securities may not be exchanged for certificated securities except in the limited circumstances described below.

All interests in the global securities will be subject to the rules and procedures of DTC.

Certain Book-Entry Procedures for the Global Securities. The descriptions of the operations and procedures of DTC set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC and are subject to change by DTC from time to time. We do not take any responsibility for these operations or procedures, and investors are urged to contact DTC or its participants directly to discuss these matters.

DTC has advised us that it is:

- a limited-purpose trust company organized under the laws of the State of New York;

Table of Contents

- a “banking organization” within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code, as amended; and
- a “clearing agency” registered pursuant to Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes to the accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. DTC’s participants include securities brokers and dealers, banks and trust companies, clearing corporations and certain other organizations. Indirect access to DTC’s system is also available to other entities such as banks, brokers, dealers and trust companies, which we refer to collectively as the “indirect participants,” that clear through or maintain a custodial relationship with a participant either directly or indirectly. Investors who are not participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants.

We expect that, pursuant to procedures established by DTC:

- upon deposit of each global security, DTC will credit, on its book-entry registration and transfer system, the accounts of participants with an interest in the global security; and
- ownership of beneficial interests in the global securities will be shown on, and the transfer of ownership of beneficial interests in the global securities will be effected only through, records maintained by DTC (with respect to the interests of participants) and the participants and the indirect participants (with respect to the interests of persons other than participants).

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer beneficial interests in the securities represented by a global security to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person holding a beneficial interest in a global security to pledge or transfer that interest to persons or entities that do not participate in DTC’s system, or to otherwise take actions in respect of that interest, may be affected by the lack of a physical security in respect of that interest.

So long as DTC or its nominee is the registered owner of a global security, DTC or that nominee, as the case may be, will be considered the sole legal owner or holder of the securities represented by that global security for all purposes of the securities and the indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have the debt securities represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of certificated securities and will not be considered the owners or holders of the securities represented by that beneficial interest under the indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each holder owning a beneficial interest in a global security must rely on the procedures of DTC and, if that holder is not a participant or an indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of securities under the indenture or that global security. We understand that under existing industry practice, in the event that we request any action of holders of securities, or a holder that is an owner of a beneficial interest in a global security desires to take any action that DTC, as the holder of that global security, is entitled to take, DTC would authorize the participants to take that action and the participants would authorize holders owning through those participants to take that action or would otherwise act upon the instruction of those holders. Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of securities by DTC or for maintaining, supervising or reviewing any records of DTC relating to the securities.

Table of Contents

Payments with respect to the principal of and interest on a global security will be payable by the trustee to or at the direction of DTC or its nominee in its capacity as the registered holder of the global security under the indenture. Under the terms of the indenture, we and the trustee may treat the persons in whose names the debt securities, including the global securities, are registered as the owners thereof for the purpose of receiving payment thereon and for any and all other purposes whatsoever. Accordingly, neither we nor the trustee has or will have any responsibility or liability for the payment of those amounts to owners of beneficial interests in a global security. Payments by the participants and the indirect participants to the owners of beneficial interests in a global security will be governed by standing instructions and customary industry practice and will be the responsibility of the participants and indirect participants and not of DTC.

Transfers between participants in DTC will be effected in accordance with DTC’s procedures and will be settled in same-day funds.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in the global securities among participants in DTC, it is under no obligation to perform or to continue to perform those procedures, and those procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

We obtained the information in this section and elsewhere in this prospectus concerning DTC and its book-entry system from sources that we believe are reliable, but we take no responsibility for the accuracy of any of this information.

Certificated Securities. We will issue certificated securities to each person that DTC identifies as the beneficial owner of the securities represented by the global securities upon surrender by DTC of the global securities only if:

- DTC notifies us that it is no longer willing or able to act as a depository for the global securities, and we have not appointed a successor depository within 90 days of that notice;
- DTC ceases to be a clearing agency registered under the Exchange Act at a time when such registration is required, and we have not appointed a successor depository within 90 days after becoming aware of that cessation;
- circumstances specified with respect to a particular series of debt securities as triggering the ability to exchange global securities occur; or
- we determine (subject to the procedures of DTC) not to have the securities represented by a global security. (Section 305).

Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the related securities. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the securities to be issued in certificated form.

Bearer Debt Securities

If we issue bearer securities, the applicable prospectus supplement will describe all of the special terms and provisions of debt securities in bearer form, and the extent to which those special terms and provisions are different from the terms and provisions described in this prospectus, which generally apply to debt securities in registered form, and will summarize provisions of the applicable indenture that relate specifically to bearer debt securities.

Covenants Contained in the Indenture

The following definitions are used in this prospectus to describe certain covenants contained in the indenture.

“Attributable Debt” means:

- the balance sheet liability amount in respect of capital leases, plus
- the amount of future minimum operating lease payments, less any amounts required to be paid on account of maintenance and repairs, insurance, taxes, assessments, water rates and similar charges, discounted using the methodology used to calculate the present value of operating lease payments in our most recent Annual Report to Stockholders reflecting that calculation.

The amount of Attributable Debt relating to an operating lease that can be terminated by the lessee with the payment of a penalty will be calculated based on the lesser of:

- the aggregate amount of lease payments required to be made until the first date the lease can be terminated by the lessee plus the amount of the penalty, or
- the aggregate amount of lease payments required to be made during the remaining term of the lease. *(Section 101)*.

“Consolidated Net Tangible Assets” means the total amount of our assets, minus applicable reserves and other properly deductible items, minus

- all current liabilities, excluding Funded Debt classified as such by reason of being renewable or extendible, and
- all goodwill, trade names, patents, unamortized debt discount and expense, and other similar intangibles to the extent not deducted as reserves and deductible items set forth above,

all as set forth on our most recent consolidated balance sheet. *(Section 101)*.

“Funded Debt” means:

- Indebtedness that matures more than 12 months after the time of the computation of the amount thereof or that is extendible or renewable to a time more than 12 months after the time of the computation of the amount thereof;
- all guarantees of any such Indebtedness or of dividends, other than any guarantee in connection with the sale or discount by us or any Restricted Subsidiary of accounts receivable, trade acceptances and other paper arising in the ordinary course of business; and
- all preferred stock of any Subsidiary, taken at the greater of its voluntary or involuntary liquidation price at the time of any calculation hereunder, but exclusive of accrued dividends, if any.

Funded Debt does not, however, include any amount in respect of obligations under leases, or guarantees of obligations, whether or not such obligations or guarantees would be included as liabilities on a balance sheet. *(Section 101)*.

“Indebtedness” means:

- all items of indebtedness or liability, except capital and surplus, that would be included in total liabilities on the liability side of a balance sheet as of the date that indebtedness is being determined; and

Table of Contents

- guarantees, endorsements (other than for purposes of collection) and other contingent obligations relating to, or to purchase or otherwise acquire, indebtedness of others, unless the amount is included in the preceding bullet point.

Indebtedness does not, however, include any obligations or guarantees of obligations relating to lease rentals, even if the obligations or guarantees of obligations relating to lease rentals would be included as liabilities on the consolidated balance sheet of us and our Restricted Subsidiaries. (Section 101).

“Principal Domestic Manufacturing Property” means any building, structure or other facility, together with the land on which it is erected and fixtures that are part of such building, located in the United States that is used by us or our Subsidiaries primarily for manufacturing, processing or warehousing, the gross book value of which exceeds 1% of our Consolidated Net Tangible Assets, other than any such building,

- that is financed by obligations issued by a state, territory or possession of the United States, or any of their political subdivisions, the interest on which is excludable from gross income of the holders pursuant to Section 103(a)(1) of the Internal Revenue Code of 1986, or
- that is not of material importance to the total business conducted by us and our Subsidiaries, taken as a whole. (Section 101).

A “Restricted Subsidiary” is any Subsidiary of ours, but does not include a Subsidiary (i) that does not transact any substantial portion of its business in the United States and does not regularly maintain any substantial portion of its fixed assets in the United States, or (ii) that is engaged primarily in financing our operations or the operations of our Subsidiaries, or both. (Section 101).

“Secured Funded Debt” means Funded Debt which is secured by a mortgage, lien or other similar encumbrance upon any of our assets or those of our Restricted Subsidiaries. (Section 101).

A “Subsidiary” is a corporation or other entity in which we, or one or more of our other Subsidiaries, directly or indirectly, own more than 50% of the outstanding voting equity interests. (Section 101).

“Wholly-owned Restricted Subsidiary” means any Restricted Subsidiary in which we and our other Wholly-owned Restricted Subsidiaries own all of the outstanding Funded Debt and capital stock (other than directors’ qualifying shares). (Section 101).

Restrictions on Secured Funded Debt

The indenture limits the amount of Secured Funded Debt that we and our Restricted Subsidiaries may incur or otherwise create, including by guarantee. Neither we nor our Restricted Subsidiaries may incur or otherwise create any new Secured Funded Debt unless immediately after the incurrence or creation:

- the sum of:
 - the aggregate principal amount of all of our outstanding Secured Funded Debt and that of our Restricted Subsidiaries (other than certain categories of Secured Funded Debt discussed below), plus
 - the aggregate amount of our Attributable Debt and that of our Restricted Subsidiaries relating to sale and leaseback transactions,
- does not exceed 15% of our Consolidated Net Tangible Assets.

This limitation does not apply if the outstanding debt securities are secured equally and ratably with or prior to the new Secured Funded Debt.

Table of Contents

The following categories of Secured Funded Debt will not be considered in determining whether we are in compliance with the covenant described in the first paragraph under the heading “Restrictions on Secured Funded Debt”:

- Secured Funded Debt of a Restricted Subsidiary owing to us or to one of our Wholly-owned Restricted Subsidiaries;
- Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance in favor of the U.S. government or any state or any instrumentality thereof to secure certain payments;
- Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance on property, shares of stock or Indebtedness of any company existing at the time that the company becomes one of our Subsidiaries;
- Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance on property, shares of stock or Indebtedness which (1) exists at the time that the property, shares of stock or Indebtedness is acquired by us or one of our Restricted Subsidiaries, including acquisitions by merger or consolidation, (2) secures the payment of any part of the purchase price of or construction cost for the property, shares of stock or Indebtedness or (3) secures any Indebtedness incurred prior to, at the time of, or within 120 days after, the acquisition of the property, shares of stock or Indebtedness or the completion of any construction of the property for the purpose of financing all or a part of the purchase price or construction cost of the property, shares of stock or Indebtedness, provided that, in all cases, we continue to comply with the covenant relating to mergers and consolidations discussed under the heading “Restrictions on Mergers and Sales of Assets” below;
- Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance in connection with the issuance of revenue bonds on which the interest is exempt from federal income tax under the Internal Revenue Code; and
- any extension, renewal or refunding of (1) any Secured Funded Debt permitted under the first paragraph under the heading “Restrictions on Secured Funded Debt” or (2) any Secured Funded Debt outstanding as of the date of the indenture. (*Section 1007*).

Restrictions on Sale and Leaseback Transactions

Under the indenture, neither we nor any Restricted Subsidiary may enter into any sale and leaseback transaction involving a Principal Domestic Manufacturing Property, except a sale by a Restricted Subsidiary to us or another Restricted Subsidiary or a lease not exceeding three years, by the end of which we intend to discontinue use of the property, and except for any transaction with a local or state authority that provides financial or tax benefits, unless:

- the net proceeds of the sale are at least equal to the fair market value of the property; and
- within 120 days of the transfer, or two years if we hold the net proceeds of the sale in cash or cash equivalents, we purchase and retire debt securities and/or repay Funded Debt and/or make expenditures for the expansion, construction or acquisition of a Principal Domestic Manufacturing Property at least equal to the net proceeds of the sale.

In addition, the restriction does not apply if the sum of the aggregate fair market value of the property transferred in a sale and leaseback transaction and all Secured Funded Debt (other than the categories of Secured Funded Debt discussed above as not being included in the consideration of the covenant restricting Secured Funded Debt) does not exceed 15% of our Consolidated Net Tangible Assets. (*Section 1008*).

Restrictions on Mergers and Sales of Assets

The indenture generally permits a consolidation or merger between us and another entity. It also permits the sale or transfer by us of all or substantially all of our property and assets. These transactions are permitted so long as:

- the resulting or acquiring entity, if other than us, is organized and existing under the laws of a United States jurisdiction and assumes responsibility for the payment of all amounts due on the debt securities and performance of the covenants in the indenture;
- immediately after giving effect to the transaction, no event of default under the indenture exists;
- steps have been taken to secure the debt securities equally and ratably with all indebtedness secured by a mortgage, lien or other similar encumbrance if as a result of such transaction, our properties or assets or Restricted Subsidiaries' properties or assets would become subject to such mortgage, lien or other similar encumbrance not permitted pursuant to the provisions discussed above under the heading "Restrictions on Secured Funded Debt" without equally and ratably securing the debt securities; and
- we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that the transaction and, if a supplemental indenture is required in connection with the transaction, the supplemental indenture comply with the indenture and that all conditions precedent to the transaction contained in the indenture have been satisfied. *(Section 801).*

If we consolidate or merge with or into any other entity or sell or lease all or substantially all of our assets according to the terms and conditions of the indenture, the resulting or acquiring entity will be substituted for us in the indenture with the same effect as if it had been an original party to the indenture. As a result, such successor entity may exercise our rights and powers under the indenture, in our name and, except in the case of a lease, we will be released from all obligations and covenants under the indenture and under the debt securities and coupons. *(Section 802).*

Notwithstanding the foregoing provisions, we may transfer all of our property and assets to another corporation if, immediately after giving effect to the transfer, such corporation is our Wholly-owned Restricted Subsidiary and we would be permitted to become liable for an additional amount of Secured Funded Debt. *(Section 803).*

Modification and Waiver

Under the indenture, certain of our rights and obligations and certain of the rights of the holders of the debt securities may be modified or amended with the consent of the holders of a majority of the total principal amount of the outstanding debt securities of all series of debt securities affected by the modification or amendment, acting together as a class. However, the following modifications and amendments will not be effective against any holder without its consent:

- a change in the stated maturity date of any payment of principal or interest;
- a reduction in the principal amount of, or rate of interest on, any debt security or any change in the interest rate or method of calculating the interest rate applicable to any debt security;
- a reduction in the premium payable upon redemption of any debt security;
- a reduction in the amount of principal of an original issue discount debt security due and payable upon acceleration of the maturity of such debt security;
- a change in place of payment where, or the currency in which, any payment on the debt securities is payable;
- an impairment of a holder's right to sue us for the enforcement of payments due on the debt securities; or

Table of Contents

- a reduction in the percentage of outstanding debt securities of any series required to consent to a modification or amendment of the indenture or required to consent to a waiver of compliance with certain provisions of the indenture or certain defaults under the indenture. *(Section 902)*.

Under the indenture, the holders of at least a majority of the total principal amount of the outstanding debt securities of any series of debt securities may waive compliance by us with certain restrictive provisions of the indenture, on behalf of all holders of all series of debt securities to which such restrictive provision applies. *(Section 1010)*.

Under the indenture, the holders of at least a majority of the total principal amount of the outstanding debt securities may, on behalf of all holders of such series of debt securities, waive any past default under the indenture, except:

- a default in the payment of the principal of, or any premium or interest on, any debt securities of that series; or
- a default under any provision of the indenture which itself cannot be modified or amended without the consent of the holders of each outstanding debt security of that series. *(Section 513)*.

Events of Default

“Event of Default,” when used in the indenture with respect to any series of debt securities, means any of the following:

- failure to pay interest on any debt security of that series for 30 days after the payment is due;
- failure to pay the principal of, or any premium on, any debt security of that series when due;
- failure to deposit any sinking fund payment on debt securities of that series when due;
- failure to perform any other covenant in the indenture that applies to debt securities of that series for 90 days after we have received written notice of the failure to perform in the manner specified in the indenture;
- default in respect of any Indebtedness for money borrowed by us or any consolidated Subsidiary, or under any mortgage, indenture or instrument under which such Indebtedness is issued or secured, including a default with respect to debt securities of any other series, which default results in the acceleration of Indebtedness with an aggregate outstanding principal amount in excess of \$50,000,000, unless the acceleration is rescinded, or such debt is paid or waived within 10 days after we have received written notice of the default in the manner specified in the indenture;
- certain events in bankruptcy, insolvency or reorganization; or
- any other Event of Default that may be specified for the debt securities of that series when that series is created. *(Section 501)*.

If an Event of Default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the series may declare the entire principal of all the debt securities of that series to be due and payable immediately, except that, if the Event of Default is caused by certain events in bankruptcy, insolvency or reorganization, the entire principal of all of the debt securities of the series will become due and payable immediately without any act on the part of the trustee or holders of the debt securities. If such a declaration occurs, the holders of a majority of the aggregate principal amount of the outstanding debt securities of that series can, subject to conditions, rescind the declaration. *(Section 502)*.

The prospectus supplement relating to a series of debt securities which are original issue discount securities will describe the particular provisions that relate to the acceleration of maturity of a portion of the principal amount of the series when an Event of Default occurs and continues.

Table of Contents

The indenture requires us to file an officers’ certificate with the trustee each year that states, to the knowledge of the certifying officers, no defaults exist under the terms of the indenture. *(Section 1009)*. The trustee may withhold notice to the holders of debt securities of any default, except defaults in the payment of principal, premium, interest or any sinking fund installment, if it considers the withholding of notice to be in the best interests of the holders. For purposes of this paragraph, “default” means any event which is, or after notice or lapse of time or both would become, an Event of Default under the indenture with respect to the debt securities of the applicable series. *(Section 602)*.

Other than its duties in the case of an Event of Default, a trustee is not obligated to exercise any of its rights or powers under the indenture at the request, order or direction of any holders of debt securities, unless the holders offer the trustee reasonable indemnification. *(Sections 601, 603)*. If reasonable indemnification is provided, then, subject to other rights of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, with respect to the debt securities of that series, direct the time, method and place of:

- conducting any proceeding for any remedy available to the trustee; or
- exercising any trust or power conferred upon the trustee. *(Sections 512, 603)*.

The holder of a debt security of any series will have the right to begin any proceeding with respect to the indenture or for any remedy only if:

- the holder has previously given the trustee written notice of a continuing Event of Default with respect to the debt securities of that series;
- the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made a written request to the trustee to begin such proceeding;
- the holder has offered to the trustee reasonable indemnification;
- the trustee has not started such proceeding within 60 days after receiving the request; and
- the trustee has not received directions inconsistent with such request from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series during those 60 days. *(Section 507)*.

However, the holder of any debt security will have an absolute right to receive payment of principal of, and any premium and interest on, the debt security when due and to institute suit to enforce this payment. *(Section 508)*.

Defeasance

The indenture includes provisions allowing defeasance of the debt securities of any series. In order to defease a series of debt securities, we would deposit with the trustee money or U.S. Government Obligations sufficient to make all payments on those debt securities. If we make a defeasance deposit with respect to a series of debt securities, we may elect either:

- to be discharged from all of our obligations on that series of debt securities, except for our obligations to register transfers and exchanges; to replace temporary or mutilated, destroyed, lost or stolen debt securities; to maintain an office or agency in respect of the debt securities and to hold moneys for payment in trust; or
- to be released from our restrictions described above relating to mergers and sales of assets, Secured Funded Debt and sale and leaseback transactions.

To establish the trust, we must deliver to the trustee an opinion of our counsel that the holders of that series of debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the defeasance had not occurred. *(Sections 403 and 1011)*.

The term “U.S. Government Obligations” means direct obligations of the United States of America backed by the full faith and credit of the United States. *(Section 101)*.

Notices

Unless we state otherwise in the applicable prospectus supplement, we will give notices to holders of bearer securities by publication in a daily newspaper in the English language of general circulation in New York City. We will give notices by mail to holders of registered securities at the addresses listed in the security register. *(Section 106)*.

Persons Deemed Owners

Title to any bearer securities and any coupons issued with any bearer securities will pass by delivery. We and the trustee, and any of our or the trustee’s agents, may treat the bearer of any bearer security, the bearer of any coupon and the registered owner of any registered security as the owner of the security or coupon, whether or not the debt security or coupon shall be overdue and notwithstanding any notice to the contrary, for the purpose of making payment and for all other purposes. *(Section 308)*.

Replacement of Securities and Coupons

We will replace any mutilated security, or a mutilated coupon issued with a security, at the holder’s expense upon surrender of the security to the trustee. We will replace destroyed, lost or stolen securities or coupons at the holder’s expense upon delivery to the trustee of evidence of the destruction, loss or theft satisfactory to us and the trustee. If any coupon becomes destroyed, stolen or lost, we will replace it by issuing a new security in exchange for the security with which the coupon was issued. In the case of a destroyed, lost or stolen security or coupon, an indemnity satisfactory to the trustee and us may be required at the holder’s expense before we will issue a replacement security. *(Section 306)*.

Conversion and Exchange

If any offered debt securities are convertible into preferred stock or common stock at the option of the holders or exchangeable for preferred stock or common stock at our option, the prospectus supplement relating to those debt securities will include the terms and conditions governing any conversions and exchanges.

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York. *(Section 114)*.

Information Concerning the Trustee

The Bank of New York Mellon is the trustee under the indenture. From time to time, we maintain deposit accounts and conduct other banking transactions with the trustee in the ordinary course of business. The Bank of New York Mellon also serves as trustee for certain of our other senior unsecured debt obligations.

DESCRIPTION OF CAPITAL STOCK

General

The following description of our capital stock is subject to and qualified in its entirety by our certificate of incorporation and bylaws, which are incorporated by reference in the registration statement of which this prospectus forms a part, and by the provisions of applicable Delaware law. Under our certificate of incorporation, we are authorized to issue up to 1,000,000,000 shares of common stock without par value and 500,000 shares of preferred stock without par value.

Common Stock

Shares Outstanding

As of August 1, 2017, 562,525,344 shares of common stock were outstanding.

Voting Rights

Each holder of our common stock is entitled to one vote per share on all matters to be voted upon by the stockholders.

Dividends

Subject to preferences that may be applicable to any outstanding preferred stock, the holders of our common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors out of funds legally available for that purpose.

Rights Upon Liquidation

In the event of our liquidation, dissolution or winding up, the holders of our common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

Preemptive or Conversion Rights

The holders of our common stock have no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock.

Preferred Stock

The board of directors has the authority, without action by the stockholders, to designate and issue preferred stock in one or more series and to designate certain rights, preferences and privileges of each series, including whether and on what terms the preferred stock may be convertible, which may be greater than the rights of the common stock. It is not possible to state the actual effect of the issuance of any shares of preferred stock upon the rights of holders of the common stock until the board of directors determines the specific rights of the holders of such preferred stock. However, the effects might include, among other things:

- restricting dividends on the common stock;
- diluting the voting power of the common stock;
- impairing the liquidation rights of the common stock; or
- delaying or preventing a change in control of us without further action by the stockholders.

No shares of preferred stock are outstanding, and we have no present plans to issue any shares of preferred stock.

Anti-Takeover Effects of Our Certificate and Bylaws and Delaware Law

Some provisions of Delaware law and our certificate of incorporation and bylaws could make the following more difficult:

- acquisition of us by means of a tender offer;
- acquisition of us by means of a proxy contest or otherwise; or
- removal of our incumbent officers and directors.

These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with our board. We believe that these provisions give our board the flexibility to exercise its fiduciary duties in a manner consistent with the interests of our stockholders.

- *REQUIREMENTS FOR ADVANCE NOTIFICATION OF STOCKHOLDER NOMINATIONS AND PROPOSALS.* Our bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the board of directors or a committee of the board of directors.
- *DELAWARE LAW.* We are subject to Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a “business combination” with an “interested stockholder” for a period of three years following the date the person became an interested stockholder, unless the “business combination” or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a “business combination” includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. Generally, an “interested stockholder” is a person (i) who, together with affiliates and associates, owns 15% or more of a corporation’s voting stock or (ii) who is an affiliate of the corporation and did, together with affiliates and associates, own 15% or more of the corporation’s voting stock within three years prior to the determination of interested stockholder status. The existence of this provision may have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.
- *CERTAIN REQUIREMENTS FOR STOCKHOLDER ACTION BY WRITTEN CONSENT OR MEETINGS.* Our certificate of incorporation provides that certain procedures, including notifying the board of directors and awaiting a record date, must be followed for stockholders to act by written consent without a meeting. Our bylaws provide that stockholders owning not less than 10% of our outstanding shares may call special meetings of stockholders, but certain requirements apply both to how the 10% share ownership is measured and to the mechanics of calling a meeting
- *NO CUMULATIVE VOTING.* Our certificate of incorporation and bylaws do not provide for cumulative voting in the election of directors.
- *UNDESIGNATED PREFERRED STOCK.* The authorization of undesignated preferred stock makes it possible for the board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of us. These and other provisions may have the effect of deferring hostile takeovers or delaying changes in control or management of us.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Hickory Point Bank & Trust, fsb.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our debt securities issued under the indenture or for the purchase of our common stock. We may issue warrants alone or together with any debt securities or common stock offered by any prospectus supplement, and warrants may be attached to or separate from the debt securities or common stock. As stated in the prospectus supplement relating to the particular issue of warrants, we will issue the warrants under one or more warrant agreements that we will enter into with a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrant certificates. The warrant agent will not assume any obligation or relationship of agency or trust for or with any holder of warrant certificates or beneficial owners of warrants.

General

If we offer warrants, the applicable prospectus supplement will identify the warrant agent and describe the terms of the warrants, including the following:

- the offering price;
- the currency for which warrants may be purchased;
- the designation, aggregate principal amount, currency of denomination and payment, and terms of the debt securities or common stock purchasable upon exercise of the warrants;
- if applicable, the designation and terms of the debt securities or common stock issued with the warrants and the number of warrants issued with the debt securities or common stock;
- if applicable, the date on and after which the warrants and the related debt securities or common stock will be separately transferable;
- the principal amount of debt securities or common stock purchasable upon exercise of one warrant, and the price at and the currency in which the principal amount of debt securities or common stock may be purchased upon such exercise;
- the date on which the right to exercise the warrants shall commence and the date on which the right to exercise shall expire;
- United States federal income tax considerations;
- whether the warrants will be issued in registered or bearer form; and
- any other terms of the warrants.

You may, at the corporate trust offices of the warrant agent or any other office indicated in the applicable prospectus supplement:

- exchange warrant certificates for new warrant certificates of different denominations;
- if the warrant certificates are in registered form, present them for registration of transfer; and
- exercise warrant certificates.

Before exercising warrants, holders of warrants will not have any of the rights of holders of the debt securities or common stock purchasable upon exercise, including the right to receive payments on the debt securities or common stock purchasable upon exercise or to enforce covenants in the indenture.

Exercise of Warrants

Each warrant will entitle the holder to purchase the principal amount of debt securities or common stock at the exercise price set forth in the applicable prospectus supplement. You may exercise warrants at any time up to 5:00 p.m., New York City time, on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date (or such later date to which we may extend the expiration date), unexercised warrants will become void.

You may exercise warrants by delivering payment to the warrant agent as provided in the applicable prospectus supplement of the amount required to purchase the debt securities or common stock, together with certain information set forth on the reverse side of the warrant certificate. Warrants will be deemed to have been exercised upon receipt of the exercise price, subject to the receipt within five business days of the warrant certificate evidencing such warrants. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent, or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, issue and deliver the debt securities or common stock purchased. If fewer than all of the warrants represented by the warrant certificate are exercised, we will issue a new warrant certificate for the remaining amount of warrants.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

The following is a general description of the terms of the stock purchase contracts and stock purchase units we may issue from time to time.

The applicable prospectus supplement will describe the terms of any stock purchase contracts or stock purchase units and, if applicable, prepaid stock purchase contracts. The description in the prospectus supplement will be qualified in its entirety by reference to (1) the stock purchase contracts, (2) the collateral arrangements and depository arrangements, if applicable, relating to such stock purchase contracts or stock purchase units and (3) if applicable, the prepaid stock purchase contracts and the document pursuant to which such prepaid stock purchase contracts will be issued.

Stock Purchase Contracts

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and obligating us to sell to holders, a fixed or varying number of shares of common stock at a future date or dates. The consideration per share of common stock may be fixed at the time that the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. Any stock purchase contract may include anti-dilution provisions to adjust the number of shares issuable pursuant to such stock purchase contract upon the occurrence of certain events.

Stock Purchase Units

The stock purchase contracts may be issued separately or as a part of units ("stock purchase units"), consisting of a stock purchase contract and debt securities, or debt or equity obligations of third parties, including U.S. Treasury securities, in each case securing holders' obligations to purchase shares of common stock under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to holders of the stock purchase units, or vice versa, and such payments may be unsecured or prefunded and may be paid on a current or on a deferred basis. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner and in certain circumstances we may deliver newly issued prepaid stock purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original stock purchase contract. Any one or more of the above securities, common stock or the stock purchase contracts or other collateral may be pledged as security for the holders' obligations to purchase or sell the shares of common stock under the stock purchase contracts. The stock purchase contracts may also allow the holders, under certain circumstances, to obtain the release of the security for their obligations under such contracts by depositing with the collateral agent as substitute collateral U.S. Treasury securities with a principal amount at maturity equal to the collateral so released or the maximum number of shares deliverable by such holders under stock purchase contracts requiring the holders to sell shares of common stock to us.

PLAN OF DISTRIBUTION

We may sell securities to or through underwriters, agents or broker-dealers or directly to purchasers. As set forth in the applicable prospectus supplement, we may offer debt securities or common stock alone or with warrants (which may or may not be detachable from the debt securities or common stock), and we may offer the warrants alone. If we issue any warrants, debt securities or common stock will be issuable upon exercise of the warrants. We may also offer preferred stock, and we may offer stock purchase contracts alone, or as part of stock purchase units.

Underwriters, dealers and agents that participate in the distribution of the securities offered under this prospectus may be underwriters as defined in the Securities Act of 1933, as amended (the “Securities Act”), and any discounts or commissions received by them from us and any profit on the resale of the offered securities by them may be treated as underwriting discounts and commissions under the Securities Act. Any underwriters or agents will be identified and their compensation, including underwriting discounts and commissions, will be described in the applicable prospectus supplement. The prospectus supplement will also describe other terms of the offering, including the initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers, and any securities exchanges on which the offered securities may be listed.

The distribution of the securities offered under this prospectus may occur from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

We may determine the price or other terms of the securities offered under this prospectus by use of an electronic auction. We will describe in the applicable prospectus supplement how any auction will be conducted to determine the price or any other terms of the securities, how potential investors may participate in the auction and, where applicable, the nature of the underwriters’ obligations with respect to the auction.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act or to contribute with respect to payments that the underwriters, dealers or agents may be required to make as a result of those certain civil liabilities.

When we issue the securities offered by this prospectus, they may be new securities without an established trading market. If we sell a security offered by this prospectus to an underwriter for public offering and sale, the underwriter may make a market for that security, but the underwriter will not be obligated to do so and could discontinue any market making without notice at any time. Therefore, we cannot give any assurances to you concerning the liquidity of any security offered by this prospectus.

Underwriters and agents and their affiliates may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of their businesses.

LEGAL MATTERS

Unless otherwise indicated in the applicable prospectus supplement, the validity of the securities we are offering will be passed upon for us by Faegre Baker Daniels LLP, Minneapolis, Minnesota. Certain legal matters will be passed upon for any underwriters, dealers or agents by Mayer Brown LLP, Chicago, Illinois, or any other law firm identified as counsel to the underwriters in the applicable prospectus supplement.
